Reasserting the Disney Brand in the Streaming Era investigates the evolution of the Disney brand at a pivotal moment the move from content creation to acquisition and streaming and how the company reasserted its brand in a changing marketplace Exploring how Disney's acquisition of Pixar Marvel Lucasfilm and Fox positioned the company to launch the Disney streaming service the chapters look at the history of those acquisitions and the deployment of the content brands and intellectual property from those acquisitions through an analysis of the original content that appeared on Disney Offering a focused investigation of how the content offered from these various media brands was adapted for Disney so that it reflects the Disney brand the authors illustrate through close textual analysis how this content reflects elements of the Classic Disney Style The analysis positions these texts in relation to their industrial contexts while also identifying important touchstone texts both television and film in Disney's catalog This comprehensive and thoughtful analysis will interest upper level students and scholars of media studies political economy Disney studies media industries and new technology **Because He's Jeff Goldblum** Travis M. Andrews, 2021-05-04 An irreverent yet deeply researched biography about the always offbeat suddenly meme able and wildly popular actor When did you first encounter Jeff Goldblum Maybe as a deranged killer in his 1974 screen debut in Death Wish Maybe as a cynical journalist in 1983's The Big Chill Or a brilliant if egotistical scientist turned fly in 1986's The Fly Perhaps as the wise cracking skeptical mathematician in 1993's Jurassic Park Or maybe you're not a film buff but noticed his face as part of one of the Internet's earliest memes Who knows Whenever it was you've probably noticed that Goldblum has become one of Hollywood's most enduring actors someone who only seems to grow more famous more heralded more beloved through the decades even though he's always followed his own strange muse The guy primarily plays jazz music these days but is more famous than ever Actor pianist husband father style icon meme Goldblum contains multitudes but why What does he mean The Washington Post's Travis M Andrews decided to find out And so he set out on a journey through Goldblum's career talking to directors like Lawrence Kasdan and Philip Kaufman colleagues like Harry Shearer and Billy Crudup and pop culture experts like Chuck Klosterman and Sean Fennessey to get to the bottom of this whole Goldblum thing And then he took what he learned and he wrote this book which is titled Because He's Jeff Goldblum and is the best thing written since The Brothers Karamazov and slightly easier to follow But you should already know that In this new semi biography semi rumination and semi ridiculous look at the career of Goldblum Andrews takes you behind the scenes of his iconic movies explores the shifting nature of fame in the twenty first century and spends far too much time converting Goldblum's name into various forms of speech Want to hear how Goldblum saved a script supervisor from an amorous baboon Or what he would write on the mirror after taking showers when he was a teenager How about his feelings on various brands of throat lozenges That one could be an entire book unto itself Then this is the book for you The

Forgotten Disney Kathy Merlock Jackson,Carl H. Sederholm,Mark I. West,2023-06-19 This work demonstrates that not everything that Disney touched turned to gold In its first 100 years the company had major successes that transformed

filmmaking and culture but it also had its share of unfinished projects unmet expectations and box office misses Some works failed but nevertheless led to other more stunning and lucrative ones others shed light on periods when the Disney Company was struggling to establish or re establish its brand In addition many Disney properties popular in their time but lost to modern audiences emerge as forgotten gems By exploring the studio s missteps this book provides a more complex portrayal of the history of the company than one would gain from a simple recounting of its many hits With essays by writers from across the globe it also asserts that what endures or is forgotten varies from person to person place to place or generation to generation What one dismisses someone else recalls with deep fondness as a magical Disney memory

Recycling the Remnants of the Literary Text Mounir Guirat, Henda Ammar-Guirat, 2024-07-15 Recycling the Remnants of the Literary Text Verandas for the Residual and the Emergent addresses literary recycling as a creative endeavour that supplements meaning through appropriating remnants of texts and transforming them into traces or echoes of their former selves within a new narrative design It approaches recycling as a process that extends verandas of meanings and creates sites for ongoing discursive accretion of signification through the dialogic encounter between the old and the new the residual and the emergent Whether seen as markers of the capacity of the literary text to surprise and haunt its readers or residues of systems of representations predicated on selective inclusion and strategies of exclusion remnants can offer rich material for setting in motion new cycles of renewal The contributors of this volume propose recycling as writing and reading strategies The first grants the remnants an afterlife and allow for an opening up of new narrative possibilities while the second constructs alternative readings by allowing unwanted remnants to return and fill in gaps and silences These oddments of the literary text are essential to question the iniquities of cultural racial and class prejudices They are unavoidable in the construction of an emergent literary and cultural matrix for disruption and change

Film Review ,2001 **The Question of Skill** Adam J. Ledger,2025-10-02 The Question of Skill offers a re thinking of how theatre making might be understood as a skilled craft and process exploring how contemporary professional contexts allow skill to emerge in a multitude of ways often as a result of collective knowledge and collaboration The book argues that notions of skill tend to be uncritically accepted to suggest abilities that are learnt and applied or associated with a particular and stable set of techniques But skill is instead never a neutral term but suggests processes values and systems This study covers topics such as training rehearsing and performing with a focus on the roles of the actor and director As well as interdisciplinary theoretical perspectives especially drawn from cognitive studies it also discusses examples of skill as virtuosic performance Throughout the book draws on first hand observations of international contemporary theatre makers in rehearsal and performance including the contemporary work of Katie Mitchell Anne Bogart Odin Teatret the RSC the National Theatre and Encounter Productions As well as diverse training rehearsal and performance contexts it includes *Fevered Sleep* s Men Girls Dance 2016 Simon Stone s *Phaedra* National Theatre 2023 and Jan Fabre s *Mount Olympus To Glorify the Cult of Tragedy* 2015 It probes how theatre is made as an always skilled human endeavour and in a post Covid age what the future may bring

Neoliberal Aesthetics of Resistance in the Disney Star Wars Films Abigail Reed,2023-12-15 From 2015 to 2019 the Walt Disney Corporation has produced five theatrical films in the Star Wars galaxy These films have been met with mixed reactions from audiences and critics alike and sparked seemingly endless public debate about representations of people of color women and queer people in 21st century popular film This book explores the evolving discourse surrounding Disney s Star Wars films from a political economic perspective and through a lens focusing on the corporate representation of marginalized communities with an aim to critique neoliberal ethics of resistance against fascist regimes Through exploring the characters of Saw Gerrera Finn Poe Dameron and L3 37 Abigail Reed argues that Disney s utilization of diverse identities within the franchise is ultimately regressive Rather than engaging with marginalized communities histories or futures Reed posits Disney uses these narratives to serve its private interests as an American global media conglomerate and undermine historically effective models of rebellion against imperialism in favor of a model of governance that centers Whiteness and the interests of the Global North
