Breakthrough Ideas Bianca Harrington,AI,2025-02-20 Breakthrough Ideas examines the origin and impact of revolutionary concepts that have reshaped industries and redefined our world It blends business strategy with historical analysis to explore how these disruptive innovations often initially resisted catalyze significant shifts across technology economics and management The book reveals that true innovation isn t about incremental refinement but fundamentally altering the rules requiring vision courage and adaptability By examining the historical and social context the book highlights the interplay between disruptive ideas and established structures showcasing the dynamics of creative destruction The book

begins by introducing foundational concepts such as disruptive innovation and first principles thinking to provide a theoretical framework. It then explores case studies analyzing technology like the internet and management concepts like lean manufacturing. Each study examines the idea's roots, implementation, evolution, and broader consequences. The analysis draws upon historical archives, industry reports, and first-hand accounts to understand market dynamics and organizational behavior. Ultimately, Breakthrough Ideas provides a framework for identifying and implementing innovative solutions. It distinguishes itself by presenting a holistic view of innovation and empowers readers to challenge assumptions and create meaningful change.

Education, 2016-06-02 Informative Writing Paths to College and Career Jossey Bass and Public Consulting Group Inc PCG are proud to bring the Paths to College and Career English Language Arts ELA curriculum and professional development resources for grades 6-12 to educators across the country. Originally developed for EngageNY and written with a focus on the shifts in instructional practice and student experiences, the standards require Paths to College and Career includes daily lesson plans, guiding questions, recommended texts, scaffolding strategies, and other classroom resources. The Paths Writing Units: Argument Writing, Informative Writing, and Narrative Writing complement the full instructional program and can also be used independently, providing in-depth writing instruction to support all students in grades 9-12 in meeting grade-level standards. To emphasize the relationship between reading and writing, each Writing Unit includes accessible model texts that exemplify key elements of each text type and source texts that provide a topic for the unit writing assignment. Individual lessons guide students through the writing process, providing instruction on grammar and conventions and highlighting collaboration and reflection as key elements of effective writing. Students' final essays are assessed using a checklist developed by the class over the course of the unit. The organization and distinctive content of the model and source texts in each unit afford teachers the flexibility to implement each unit independently of the others and at any point during the curriculum. For example, a unit may be implemented to assess students' writing prior to implementation of the standard curriculum, to scaffold writing instruction leading into a writing assessment, or to support struggling writers by addressing gaps in skills as demonstrated in previous assessments. The Paths Writing Units provide teachers with invaluable opportunities to engage students as active participants in their own learning at every stage of the writing process and to customize instruction to meet the varying needs of all students. ABOUT PUBLIC CONSULTING GROUP Public Consulting Group works with schools, districts, and state education agencies to build their capacity for instructional and programmatic improvements. We provide curriculum development, coaching, professional development, and technical assistance services. Our work alongside educators and policy makers ensures effective implementation of both the Common Core State Standards and state-specific standards for college and career readiness. As the creators of the Paths ELA curriculum for grades 6-12, PCG provides a professional learning program that ensures the success of the curriculum. The program includes Nationally recognized professional development from an organization that has been immersed in the new standards since their inception. Blended learning experiences for teachers and leaders that enrich and extend the learning. A train-the-trainer

program that builds capacity and provides resources and individual support for embedded leaders and coaches
