personal data when you're browsing and buying. New global laws are turning the tide on companies who make billions from your clicks, searches, and likes. This eye-opening book provides an inspiring vision of how you can take back control of the data you generate every day. About the Book: *Data for All* gives you a step-by-step plan to transform your relationship with data and start earning a data dividend: hundreds or thousands of dollars paid out simply for your online activities. You'll learn how to oversee who accesses your data, how much different types of data are worth, and how to keep private details private. What's Inside: The types of data you generate with every action every day; How you can manage access and monetization of your own data; The history of how we think about data and why that is changing; The new data ecosystem being built right now for your benefit. About the Reader: For anyone who is curious or concerned about how their data is used. No technical knowledge required. About the Author: John K. Thompson is an international technology executive with over 37 years of experience in the fields of data, advanced analytics, and artificial intelligence. Table of Contents: 1. A history of data; 2. How data works today; 3. You and your data; 4. Trust; 5. Privacy; 6. Moving from Open Data to Our Data; 7. Derived data, synthetic data, and analytics; 8. Looking forward: What's next for our data.

Data Driven: Harnessing Data and AI to Reinvent Customer Engagement Tom Chavez, Chris O'Hara, Vivek Vaidya, 2018-10-05. Axiom Business Book Award Silver Medalist in Business Technology. The indispensable guide to data-powered marketing from the team behind the data management platform that helps fuel Salesforce, the #1 customer relationship management (CRM) company in the world. A tectonic shift in the practice of marketing is underway. Digital technology, social media, and e-commerce have radically changed the way consumers access information, order products, and shop for services. Using the latest technologies: cloud, mobile, social, internet of things (IoT), and artificial intelligence (AI), we have more data about consumers and their needs, wants, and affinities than ever before. *Data Driven* will show you how to target and delight your customers with unprecedented accuracy and success. Bring customers closer to your brand and inspire them to engage, purchase, and remain loyal. Capture, organize, and analyze data from every source and activate it across every channel. Create a data-powered marketing strategy that can be customized for any audience. Serve individual consumers with highly personalized interactions. Deliver better customer service for the best customer experience. Improve your products and optimize your operating systems. Use AI and IoT to predict the future direction of markets. You'll discover the three principles for building a successful data strategy and the five sources of data-driven power. You'll see how top companies put these data-driven strategies into action: how Pandora used second and third-hand data to learn more about its listeners; how Georgia Pacific moved from scarcity to abundance in the data sphere; and how Dunkin' Brands leveraged CRM data as a force multiplier for customer engagement. And if you're wondering what the future holds, you'll receive seven forecasts to better prepare you for what may come next. Sure to be a classic, *Data Driven* is a practical road map to the modern marketing landscape and a toolkit for success in the face of changes already underway and still to come.
