Practical PHP 7, MySQL 8, and MariaDB Website Databases Adrian W. West,Steve Prettyman,2018-09-28 Build interactive database driven websites with PHP 7 MySQL 8 and MariaDB The focus of this book is on getting you up and running as quickly as possible with real world applications In the first two chapters you will set up your development and testing environment and then build your first PHP and MariaDB or MySQL

database driven website You will then increase its sophistication security and functionality throughout the course of the book The PHP required is taught in context within each project so you can quickly learn how PHP integrates with MariaDB and MySQL to create powerful database driven websites Each project is fully illustrated so you will see clearly what you are building as you create your own database driven website You will build a form for registering users and then build an interface so that an administrator can view and administer the user database You will create a message board for users and a method for emailing them You will also learn the best practices for ensuring that your website databases are secure Later chapters describe how to create a product catalog and a simple e commerce site You will also discover how to migrate a database to a remote host The final chapter will demonstrate the advantages of migrating to Oracle s MySQL 8 You will be shown step by step migration directions along with a demonstration of the tools available in SQL Workbench Because you are building the interactive pages yourself you will know exactly how MySQL MariaDB and PHP all work together and you will be able to add database interactivity to your own websites with ease What You Will Learn Build a secure database driven website using PHP 7 MySQL 8 and MariaDB Create a product catalog Write a message board Move towards e commerce Employ security and validation measures Migrate to Oracle s MySQL 8 Server platform Who This Book Is For Web developers with HTML CSS and a limited Bootstrap experience Readers need little to no prior experience with PHP and MySQL

Artificial Intelligence: Anthropogenic Nature vs. Social Origin Elena G. Popkova, Bruno S. Sergi, 2020-02-22

This book presents advanced research studies on the topic of artificial intelligence as a component of social and economic relations and processes It gathers research papers from the International Research to Practice Conference The 21st Century from the Positions of Modern Science Intellectual Digital and Innovative Aspects May 23 24 2019 Nizhny Novgorod Russia and the International Research to Practice Conference Economics of Pleasure A Science of Enjoying Economic Activities October 3 5 2019 Prague Czech Republic Both conferences were organized by the Autonomous Non Profit Organization Institute of Scientific Communications Volgograd What sets this book apart from other publications on the topic of artificial intelligence is that it approaches AI not as a technological tool but as an economic entity Bringing together papers by representatives of various fields of social and human knowledge it systematically reflects on various economic social and legal aspects of the creation application and development of artificial intelligence Given the multidisciplinary nature of its content the book will appeal to a broad target audience including those engaged in developing AI scientific research institutes and universities and Industry 4 0 enterprises interested in its implementation as well as state regulators for the digital economy

The Psychological Metaphor Behind SCOTT PILGRIM VS THE WORLD (The Movie) 2010 Charly Santos, The applied science of psychology in movies series anime etc is far beyond what one might imagine and represents a powerful double edged sword for the psyche and soul of the viewer if they fail to discern deeply everything being presented in each scene character and dialogue regarding this science For instance if the viewer has deep psychological wounds that

remain unidentified and unhealed and they unconsciously project them onto the characters of their favorite series anime or movie. Their psyche and subconscious will now justify and reinforce thoughts, emotions, and behavioral patterns that lead them to repeat the same poor outcomes due to those unrecognized wounds, further entrenching them. The psychological themes portrayed on screen slow down the viewer's awareness to unexpected levels, making it even harder to later learn about the true emotional root of their pain. This phenomenon is known in psychology as negative priming. Based on a thorough and concise analysis of this movie, each of its aspects will be explored in this book: its scenes, dialogues, and significant contexts, explaining them practically and directly. These elements, which may have imprinted themselves on the viewer's psyche to their detriment, will now be turned in their favor. This approach is not limited to this particular movie but can be applied to any movie, series, or anime the viewer encounters afterward. Thus, scenes, codes, symbols, and dialogues that once seemed irrelevant to the plot will now be observed with the eyes of newfound awareness. These elements, which were subconsciously affecting the viewer's psychological progress, will now achieve the opposite: healing. And the psychological truth in movies will set you free.

Jesus Scott Pilgrim vs The World (2010) is a masterpiece that implicitly shows us how to heal our deepest psychological wounds, such as childhood traumas, attachment issues, and ghosting. It subtly reveals the path to achieving true self-love through its plot, characters, and the visual and narrative metaphors embedded in musical battles. The movie guides us through conquering both our inner world, filled with mental and emotional challenges, and the external world. It liberates us from the negative destiny we often create for ourselves and teaches us how to identify and overcome the influence of narcissistic psychopaths like Gideon Graves or Envy Adams. *Scott Pilgrim* the film uncovers the deepest psychological secrets used in movies, series, anime, etc., secrets that have never been revealed before. If we learn how to interpret them, the film can guide us toward healing and achieving true self-love. However, if we fail to understand its message, we risk remaining stuck in the same psychological wounds indefinitely. Both Scott and Ramona, burdened by childhood wounds of abandonment and rejection, embark on premature relationships, ghosting, bad karma, disappointments, and traumas, all of which they ultimately conquer completely. In this first installment of a two-part analysis, we will delve into the psychological themes, while the second part will focus on the hidden spiritual aspects found in every dialogue, character, symbol, and scene. These elements play on three levels: literal, psychological, and spiritual, and they will blow your mind and soul once their secrets are revealed.

Fuel your quest for knowledge with Learn from is thought-provoking masterpiece, **Paypal Compare** . This educational ebook, conveniently sized in PDF (Download in PDF: *), is a gateway to personal growth and intellectual stimulation. Immerse yourself in the enriching content curated to cater to every eager mind. Download now and embark on a learning journey that promises to expand your horizons. .
