America's Film Legacy Daniel Eagan, 2009-11-26 America's Film Legacy is a guide to the most significant films ever made in the United States. Unlike opinionated Top 100 and arbitrary Best of lists, these are the real thing: groundbreaking films that make up the backbone of American cinema. Some are well known, such as *Citizen Kane*, *The Jazz Singer*, *All Quiet on the Western Front*, *The Birth of a Nation*, and *Boyz n the Hood*. Others are more obscure, such as *Blacksmith Scene*, *The Blue Bird*, *The Docks of New York*, *Star Theatre*, and *A Bronx Morning*. Daniel Eagan's beautifully written and authoritative book is for anyone who loves American movies and who wants to learn more about them. **Global Business** Yongsun Paik, Dong

Chen, William Newbury, Dan Prud'homme, 2025-09-18 This textbook is designed to help students recognize and analyze key issues in global business by bridging theory with real-world applications. Divided into three parts, it explores critical aspects of global business, introducing readers to relevant topics and examining core concepts and their applications through about 40 case studies. Since the first edition was published in 2017, the global business landscape has undergone profound transformations, reshaping how companies operate, compete, and innovate. This new edition incorporates critical developments in the aftermath of the COVID-19 pandemic to provide leaders with a comprehensive understanding of today's global business environment. New and updated case studies illustrate the magnitude and complexity of global business, highlighting the roles of various stakeholders. In addition to insights on emerging markets, this edition sheds new light on reglobalization, economic nationalism, and geopolitical tensions, technological innovation, and digital transformation and sustainability, enabling readers to stay informed about ever-evolving trends. By demonstrating how theories and concepts work in real-world business settings, this book provides readers with the essential tools to analyze and respond to global business challenges effectively. Undergraduate students looking for an introduction to international business and graduate students looking to apply their knowledge will find *Global Business* stimulating, as it demonstrates how theories and concepts work in real-world business settings.
