Return to Me Sharon Udy Storrs, 2024-06-05 *Return to Me* is a historical fiction work which is written to be used as an impactful educational resource for students who are studying World War II. The book covers all 5 fronts of the war with a clear explanation of the role the key players Hitler, Mussolini, Stalin, Churchill, Roosevelt, and the Empire of Japan played in the escalation and eventual resolution of the war. The story is intertwined with characters living in a small town nestled in the Rocky Mountains during the Depression and World War II. Nate and Bea Roundy and their family, as well as their community and the rest of the country, are impacted by the Depression followed on the heels of the senseless loss of millions of lives and the devastation and destruction of WWII. Nate's Sister Ruth is serving as a nurse and is captured as a POW in the Philippines. Will they ever see her again? Her fiancé is serving as an American spy in Italy on the Italian Front. Will they ever be together again and realize their dream of getting married? The death of Nate's sister in childbirth leaves 8 motherless children in the care of a dysfunctional stepmother. What will become of them? What will become of Blake and his sweetheart Anna now that he has enlisted as a medic and is serving in the Normandy invasion? What will become of Bobby, his best friend who is shot down in German territory? Will he live to tell his story? Members of the community find themselves being drafted into the war on many fronts. The story covers their challenges, love stories, tragedies, and atrocities that occur in war as well as at home and is laced with examples of courage and valor. The question is: will their family ever be united again, and if so, will it ever be the same? We hope that you will thoroughly enjoy reading *Return to Me* written by Sharon Storrs. It's an educational, interesting, and informative presentation of World War II and the valiant souls who fought and gave the ultimate sacrifice to rid the world of the demons of World War II.

Returning Fire Col. James W. Booth, 2011-09-28 This book is the factual story of the development of armed helicopters in the US Army and their first employment in combat. The story is dramatically told by the courageous men who lived it, flying daily into enemy-infested areas, facing murderous fire from automatic and anti-aircraft weapons. In late 1961, the US Government deployed five Transportation Helicopter Companies. H-21 lift ships to South Vietnam to increase the mobility of South Vietnamese ground forces. The Viet Cong quickly recognized that the H-21s were unarmed and began shooting at them, endangering the lives of American crewmen. A helicopter company equipped with 25 UH-1 helicopters had been cobbled together on Okinawa by the Commander US Army Pacific. Believing the company was soon to be deployed to Vietnam, the men assigned to the unit armed its helicopters by scrounging weapons systems left over from WW II and Korea stored in Army Air Force depots in Okinawa. Machine guns and 2.75 inch rockets were jury-rigged onto the UH-1s. Officially designated the Utility Tactical Helicopter Company but widely known as the UTT, the company deployed to Saigon in September 1962. After some jurisdictional squabbles with the Air Force over roles and missions, UTT began combat operations in October. It

quickly became widely known for professionalism and the courage of its crew members Such was its fame that for years South Vietnamese military personnel called all armed helicopters UTT Unfortunately over its years in RVN the Company endured frequent designation changes UTT 68th 197th 334th Armed Helicopter Company Why remains a mystery even today The Companys legacy is strong and endures today Armed helicopters are a major component of US Army combat forces The current Army Apache program over 600 is a direct descendent Additionally the Marines and Navy have strong armed helicopter programs as does every major military power in the world Ironically it all began with a small group of courageous men mounting scavenged weapons mostly outmoded on helicopters originally designed for medical evacuation This is their story *Dictionary of American Naval Fighting Ships* ,1976 *Dictionary of American Naval Fighting Ships: Historical sketches: Letters N through S.
