Middle Passages Middle Passages:

Many Middle Passages Emma Christopher, Cassandra Pybus, Marcus Rediker, 2007-09-03 Extends the concept of the Middle Passage to encompass the expropriation of people across other maritime and inland routes No previous book has highlighted the diversity and centrality of middle passages voluntary and involuntary to modern global history Kenneth Morgan author of *Slavery and the British Empire* This volume extends the now well established project of Atlantic World Studies beyond its geographic and chronological frames to a genuinely global analysis of labour migration It is a work of major importance that sparkles with new discoveries and insights Rick Halpern co editor of *Empire and Others* British Encounters with Indigenous Peoples 1600 1850

Middle Passage Charles Johnson, 2022-02-17 Celebrating Fifty Years of Picador Books Winner of the National Book Award 1990 The Apocalypse would definitely put a crimp in my career plans Rutherford Calhoun a puckish rogue and newly freed slave spends his days loitering around the docks of New Orleans dodging debt collectors gangsters and Isadora Bailey a prim and frugal woman who seeks to marry him and curb his mischievous instincts When the heat from these respective pursuers becomes too much to bear he cons his way on to the next ship leaving the dock the Republic Upon boarding to his horror he discovers that he is on an illegal slave ship embarking on the Middle Passage the portion of the triangular trade route that saw slaves transported from Africa to the US Staffed by a crew of criminals and degenerates the Republic is on a mission to enslave members of the legendary Allmuseri tribe while the sadistic yet philosophical Captain Falcon has a secondary objective securing a mysterious cargo that possesses a terrifying and otherworldly power What follows is a story of Rutherford's battle for survival as he finds himself juggling loyalties between the ship's crew and the enslaved passengers and is forced to use every ounce of the charm and cunning that he possesses to endure the desperate conditions and battle the myriad deadly forces on the high seas A masterful blend of allegory black comedy naval adventure and supernatural horror Charles Johnson's wildly inventive Middle Passage is a true modern classic Part of the Picador Collection a series showcasing the best of modern literature

Materializing the Middle Passage Jane Webster, 2023-10-31 An estimated 2 7 million Africans made an enforced crossing of the Atlantic on British slave ships between c 1680 and 1807 a journey that has become known as the Middle Passage This book focuses on the slave ship itself The slave ship is the largest artefact of the Transatlantic slave trade but because so few examples of wrecked slaving vessels have been located at sea it is rarely studied by archaeologists Materializing the Middle Passage A Historical Archaeology of British Slave Shipping 1680 1807 argues that there are other ways for archaeologists to materialize the slave ship It employs a pioneering interdisciplinary methodology combining primary documentary sources maritime and terrestrial archaeology paintings maritime and ethnographic museum collections and many other sources to rebuild British slaving vessels and to identify changes to them over time The book then goes on to consider the reception of the slave ship and its trade goods in coastal West Africa and details the range and uses of the many African resources including ivory gold

and live animals entering Britain on returning slave ships The third section of the book focuses on the Middle Passage experiences of both captives and crews and argues that greater attention needs to be paid to the coping mechanisms through which Africans survived yet also challenged their captive passage Finally Jane Webster asks why the African Middle Passage experience remains so elusive even after decades of scholarship dedicated to uncovering it She considers when how and why the crossing was remembered by saltwater captives in the Caribbean and North America The marriage of words and things attempted in this richly illustrated book is underpinned throughout by a theoretical perspective combining creolization and postcolonial theory and by a central focus on the materiality of the slave ship and its regimes **Surviving the Middle**

Passage Pieter C. Muysken, Norval Smith, 2014-12-12 This book is about the close historical and linguistic relationship between the languages of Surinam and Benin a relationship which can be viewed in terms of a Trans Atlantic Sprachbund or linguistic area It consists of a detailed analysis of various possible substrate and adstrate effects in a number of components of the grammar in the Surinam Creole languages primarily from the Gbe languages of Benin but also from Kikongo

Modernism and the Middle Passage Laura Winkiel, 2025-10-14 Modernism is typically thought of as focusing on the new and now not looking backward at historical catastrophes Yet in many surprising often submerged ways the transatlantic slave trade shaped the works of both Black and white writers This book reveals how modernists turned to the Middle Passage and in so doing upended Western ideas about time and space race and gender and the category of the human Bringing together Afro diasporic and Black studies scholarship modernist aesthetics and environmental studies Laura Winkiel presents a new literary history of modernism from the perspective of the Atlantic and its role in slavery and colonization She examines the works of African Caribbean British and US writers including Joseph Conrad William Faulkner Langston Hughes Zora Neale Hurston Claude McKay Jean Rhys Amos Tutuola and Virginia Woolf as well as later interlocutors such as Marlon James and Jamaica Kincaid Paying particular attention to settings on shorelines deltas archipelagos and the ocean Winkiel argues that allusions to the slave trade make visible the exploitative structural relations between the metropolis and the colonies and between the liberal subject and its others By turning to the ocean and its violent histories this groundbreaking book rethinks the fraught relationship of modernism and race **Glissant and the Middle Passage** John E. Drabinski, 2019-06-11 A

reevaluation of douard Glissant that centers on the catastrophe of the Middle Passage and creates deep original theories of trauma and Caribbeanness While philosophy has undertaken the work of accounting for Europe s traumatic history the field has not shown the same attention to the catastrophe known as the Middle Passage It is a history that requires its own ideas that emerge organically from the societies that experienced the Middle Passage and its consequences firsthand Glissant and the Middle Passage offers a new important approach to this neglected calamity by examining the thought of douard Glissant particularly his development of Caribbeanness as a critical concept rooted in the experience of the slave trade and its aftermath in colonialism In dialogue with key theorists of catastrophe and trauma including Aim C saire Frantz Fanon George

Lamming Gilles Deleuze Félix Guattari Derek Walcott as well as key figures in Holocaust studies Glissant and the Middle Passage hones a sharp sense of the specifically Caribbean varieties of loss developing them into a transformative philosophical idea Using the Plantation as a critical concept John E Drabinski creolizes notions of rhizome and nomad examining what kinds of aesthetics grow from these roots and offering reconsiderations of what constitutes intellectual work and cultural production Glissant and the Middle Passage establishes Glissant's proper place as a key theorist of ruin catastrophe abyss and memory Identifying his insistence on memories and histories tied to place as the crucial geography at the heart of his work this book imparts an innovative new response to the specific historical experiences of the Middle Passage

The Return of the Tidal Flow of the Middle Passage Jacob Oluwatayo Adeuyan, 2011-08-31 This book is a high profile reference book on the ordeal and ugly situations that befell the African continent its people its economy and why it was impossible for the continent to achieve much in the areas of scientific fit natural development and social backwardness when is to be compared to other continents of the world African people are never lazy folks as it was erroneously believed and propagated by some nationalities from other places of the world If history was to be believed African continent was one of the first places of the world where civilization and technology started even when others from other regions of the world were still looking for what to hold to support their walking exercise Africa was one of the first fast growing Continent of the world in the acquisition of science and other human related knowledge the study of solar system and other planets from its God given bank of knowledge Universities of Timbuktu and Cairo is in a better position to attest to this fact from their records The turn around of events that choked up the people of the early generations of the continent began during the escalation of slave trade era The relationship between an African person and their kings Obas the Chiefs and the Nobles on one hand and the down trodden people that constituted the larger population of the community on the other created an un level ground that benefited the former than the later The advantage of absolute respect that the former was enjoying from the lower class was now being used on them when the trade was booming African culture is a culture that gives absolute respect and honor to the elders and the well to do personalities among its community When the hunting for slaves was at its peak in the West Coast of Africa for example this class of well to do people were the intermediaries between the Oyinbos white men and the African slave traders who were then living at cities along the coast

The Slave Trade and the Middle Passage S. Pearl Sharp, Virginia Schomp, 2007 From slavery to freedom to the arduous battle for civil rights the ten volume Drama of African American History series traces the black American experience from its roots to the present day Five titles are available now These take readers back to life in Africa before and during the slave trade describe the horrors of that trade and the sea passage to America and move along through the Civil War and Reconstruction Five additional titles will carry the history up to the present day Drama is perhaps an understatement when it comes to African American history The word is certainly appropriate to the subject matter and each of the authors while scrupulously accurate and even handed

manages to bring a passion to their work worthy of their theme *Student Impressions of the Middle Passage* Juliette Caruso O'Dell, 2021-12-16 *Student Impressions of the Middle Passage* 2010 2020 By Juliette Caruso O Dell Juliette Caruso O Dell has just completed her twentieth year teaching seventeen of those teaching United States history As a teacher she struggled teaching the institution of slavery to her eighth graders She turned to respected black authors and other resources to help instill in her students awareness of how a specific group of people were forcibly brought to the shores of the newly discovered Americas Julie didn't want to just tell her students and stop there She wanted to share with them how people can and did endure horrendously inhumane physical and mental cruelty and survive to tell their stories Julie then turned to Tom Feelings drawings in his book *The Middle Passage* She used them as a visual tool As she lectured on the book she noticed her students uncomfortable faces many of them drawing their own interpretations and feelings while seated at their desks She knew this would be a way for them to express themselves with this outlet for both the ugliness and their understanding of what they were being taught Throughout years of teaching Julie developed lesson plans for her classroom and bought many charcoal pencils Her students were the motivating factor to continue using art as Tom Feelings did to educate about the Middle Passage Also included in this book is a 3 day 50 minute lesson plan *Student Impressions of the Middle Passage* 2010 2020 is a compilation of her students work **Clarence Major and His Art** Bernard W. Rushdy, 1999-11-04 *NeoSlave Narratives* is a study in the political social and cultural content of a given literary form the novel of slavery cast as a first person slave narrative After discerning the social and historical factors surrounding the first appearance of that literary form in the 1960s *NeoSlave Narratives* explores the complex relationship between nostalgia and critique while asking how African

American intellectuals at different points between 1976 and 1990 remember and use the site of slavery to represent the crucial cultural debates that arose during the sixties

The World Is What It Is Patrick French, 2012-08-09 This is the first major biography of V S Naipaul Nobel Prize winner and one of the most compelling literary figures of the last fifty years With great feeling for his formidable body of work and exclusive access to his private papers and personal recollections Patrick French has produced a lucid and astonishing account of this enigmatic genius one which looks sensitively and unflinchingly at his relationships his development as a writer and as a man his outspokenness his peerless creativity and his extraordinary and enduring position both outside and at the very centre of literary culture Its clarity honesty even handedness its panoramic range and close emotional focus above all its virtually unprecedented access to the dark secret life at its heart make it one of the most gripping biographies I've ever read Hilary Spurling Observer A brilliant biography exemplary in its thoroughness sympathetic but tough in tone Reading it I was enthralled and frequently

amused how incredibly funny Naipaul can be Spectator A masterly performance If a better biography is published this year I shall be astonished Allan Massie Literary Review Remarkable This biography will change the way we read Naipaul's books Craig Brown Book of the Week Mail on Sunday *New Routes for Diaspora Studies* Sukanya Banerjee, Aims

McGuinness, Steven C. McKay, 2012-07-11 Offers a welcome addition to the literature on migration by using the springboard of diaspora to address the cross border movements of people Rhacel Parre as Brown University Study of diasporas provides a useful frame for reimagining locations movements identities and social formations This volume explores diaspora as historical experience and as a category of analysis Using case studies drawn from African and Asian diasporas and immigration in the United States the contributors interrogate ideas of displacement return and place of origin as they relate to diasporic identity They also consider how practices of commensality become grounds for examining identity and difference and how narrative and aesthetic forms emerge through the context of diaspora Contributions by Crispin Bates Martin A Berger Rachel Ida Buff Marina Carter Betty Joseph Parama Roy Jenny Sharpe Todd Shepard and Lok Siu **Beyond Constraint** Shona N. Jackson, 2024-10-11 In *Beyond Constraint* Shona N Jackson offers a new approach to labour and its analysis by demonstrating the fundamental relation between black and Indigenous People's sovereign free and coerced labour in the Americas Through the writings of Cedric Robinson Walter Rodney C L R James and Sylvia Wynter Jackson confronts the elision of Indigenous People's labour in the black radical tradition She argues that this elision is an effect of the structural relation of antiblackness to anti indigeneity through which native and black bodies are arranged on either side of a split between unproductive labour and productive work necessary for capital accumulation and for how we read capital in political economic critique This division between labour and work forces the radical tradition to sustain the break between black and Indigenous peoples as part of its critical strategies of liberation To address this impasse Jackson reads the tradition against the grain for openings to indigeneity and a method for recovering lost labours **Encyclopedia of Black Studies** Molefi Kete Asante, Ama Mazama, 2005 In the 1960s Black Studies emerged as both an academic field and a radical new ideological paradigm Editors Molefi Kete Asante and Ama Mazama Black Studies Temple U both influential and renowned scholars have compiled an encyclopedia for students high school and beyond and general readers It presents analysis of key individuals events a
