Dear Ms. Persson:

June 20, 2023

As a sales manager, I was often told that my natural skillset was more aligned with marketing. While my passion for understanding consumers helped me excel in sales, I've always been fascinated by marketing. When I began to manage paid advertising campaigns at Oracle, my interest in marketing was confirmed. My initiative not only increased sales by 28%, but also honed my skills in a cornerstone of marketing: data-driven decision-making.

Comcast's people-first approach to marketing resonates with my interest in consumer behavior. In my five years as a sales manager, I specialized in analyzing user data to understand the needs of our buyers. I used my proficiency in Google Analytics to monitor website traffic and optimize our marketing strategies. My analytical approach contributed to a 34% increase in conversion rates and a 26% boost in customer retention over two years.

Transitioning to a marketing manager feels like a natural progression, as it combines my experience in sales with my passion for designing targeted campaigns. At Oracle, I bridged the gap between sales and marketing to increase ROI by 29%. I feel confident that I can successfully do the same with my career.

Comcast's customer-centric culture reflects my core values. I am excited about the prospect of combining my analytical skills and sales experience to develop data-driven marketing strategies for the company. My instinct for buyer behavior will allow me to contribute to Comcast's continued growth.

I would be thrilled to meet and discuss how my transition from sales to marketing can drive impactful strategies at Comcast. Thank you for considering my application.

Sincerely,

Amara Kamau

How To Write Amazing Cover Letters The Hyperink Team, 2012-02-12

ABOUT THE BOOK If a resume is a window into your past work experience a cover letter is the tool you use to install it Cover letters were once just an after thought something most people used to simply regurgitate their resumes In fact it wasn't until the last decade that cover letters gained wide acceptance and importance Today not only is the cover letter just as important as a resume it can be the deciding factor in whether a hiring manager looks at your resume or throws it in the trash But how do you write the kind of amazing cover letter that will get you in the door How can you create a narrative of your professional experience that makes the HR person sit up and take notice The key is knowing how to present yourself It does not matter if you've spent 30 years in the work force or are just entering it the fact remains that you need to learn to how convince someone else to interview you

EXCERPT FROM THE BOOK You've probably figured out a few mistakes to avoid already but you'd probably be surprised at what many employers are turned off by when reading cover letters Lack of proofreading This is a no brainer but many people often miss them or don't bother to spell check before sending out the cover letter and resume It's always a good idea to ask a friend or family member to check your letter for spelling errors and typos to give you a fresh perspective Not including the name of the hiring manager If you don't know who is going to read your cover letter and resume try to find out When in doubt call the company and ask who the person in charge of that

department is so you can target your letter appropriately Not writing to an audience Focus each letter on each employer According to Career Builder 44 percent of executives polled said it s common for applicants to use their cover letters to show they ve learned more about the job Doing so can give you an edge against the competition Failing to sell yourself If you undersell your skills and qualifications you won t make an impression on the reader Don t just talk about your accomplishments give concrete examples Regurgitating the resume Cover letters weren t meant as a tool to repeat everything that s in your resume It s a tool to build on it and an opportunity to correlate your experience with the job you re applying for Include any training classes awards and recognition you ve received in the past that might give you an edge over the competition Buy a copy to keep reading Step-by-step Cover Letters ,2006
