understands that much of white America chooses to reject race as a reason for inequality because it frees them from the reality of guilt even though these same people continue to benefit from said inequality He also draws some very clear patterns of these attitudes and shows why the United States of America if it is to ever evolve into what it can be must first hold itself accountable for the treatment of its own citizens which up to this point it never has This book is a much needed read for everyone regardless of race Parker makes it clear on many levels that it is time for white America to wake up
