Web Systems Design and Online Consumer Behavior Yuan Gao, 2005-01-01 *Web Systems Design and Online Consumer Behavior* takes an interdisciplinary approach toward systems design in the online environment by providing an understanding of how consumers behave while shopping online and how certain system design elements may impact consumers' perceptions, attitudes, intentions, and actual behavior. This book contains theoretical and empirical research from expert scholars in a number of areas including communications, psychology, marketing, and advertising and information systems. This book provides an integrated look at the subject area as described above to further our understanding of the linkage among various disciplines inherently connected with one another in electronic commerce. **Provenance and**

Annotation of Data and Processes Juliana Freire, David Koop, 2008-12-02 This book constitutes the thoroughly refereed post-conference proceedings of the Second International Provenance and Annotation Workshop IPAW 2008 held in Salt Lake City, UT, USA, in June 2007. The 14 revised full papers and 15 revised short and demo papers presented together with 2 keynote lectures were carefully reviewed and selected from 40 submissions. The papers are organized in topical sections on provenance models and querying provenance, visualization failures, identity provenance and workflows, provenance for streams and collaboration, and applications. *Popular Science*, 1957-05 *Popular Science* gives our readers the information and tools to improve their technology and their world.
