The Anxiety Prescription Dr Russell Kennedy, 2024-09-19 A must read for anyone who suffers with chronic worry. Dr Nicole LePera. Dr Kennedy's message has the potential to transform the way we think about mental health and the role of the body in calming the mind. Dr Rangan Chatterjee. After years of trying different therapies for his crippling anxiety without success, Dr Russell Kennedy had an epiphany: anxiety does not start in the brain. Anxiety starts in the body where trauma is stored and physical and emotional perception begins. Alarm bells originating in the body are what trigger those anxious thoughts that we call anxiety, and Dr Kennedy realised that true healing starts only when we learn not to conflate the two. He understood that existing therapies focused only on the mind would never get to the root of the problem; at best they could help manage symptoms but they'd never truly heal anxiety. Now fully revised and updated with new material including the Anxiety Toolkit, **The Anxiety Prescription** blends Dr Kennedy's personal story with medical science, neuroscience, and developmental psychology. When you learn how to sever the connection between the somatic alarm and the flood of anxious thoughts, you can begin to heal old trauma and gain back a sense of control. **The Anxiety Prescription** offers a toolkit of techniques for our thinking minds and our feeling bodies, changing not just our mindset but our body set.

Unravelling the intricate relationship between anxiety, the body, and the mind, this powerful book offers a profound path toward healing and growth.

The Beginning Is Near Em Merson PhD, 2021-10-13 This book is quasi-autobiographical, leaning on links to music from the sixties, seventies, eighties, and nineties. Woven throughout are references to self-isolation in lockdown, a journey through the dark night of the soul toward enlightenment, and a growing awareness that those of us who open our hearts to peace and love are being called on to offer it now. I share a journal about love and loss, sudden separation from a long-term relationship, and the aftermath leading to a new beginning. I provide ideas to support transformation from books, websites, music, some wild metaphysical blogs, and YouTube videos if publicly available. Check for links in the ebook by tapping or clicking on the titles that are bold and italicized. The pivotal piece in this book is that I've used the music and techniques to transform my life and access wisdom, joy, and bliss. This inner change has led to outer

change impacting my understanding of reality and the nature of the COVID 19 phenomenon There are some twists in this story I could never have predicted Truth is stranger than fiction
