Saving money, energy and time will generate more money to invest, creating real income and wealth. Transforming you from consumer to producer. You must expand yourself personally as well as enhance your inner and micro economics. This book is a guide to help you create a path and roadmap to a life of saving money, reducing debt, living efficiently and creating wealth by investing within a reasonable timeframe. Together we will examine four major building blocks that inspire and accelerate behavioral changes: 1. Why and how to change your behavior and lifestyle. 2. How to save money, energy and time. 3. How to invest your money, energy and time savings to improve your present situation and build for the future. 4. How to create and implement a transformation plan.
