Reddit In The Us:

Understanding Reddit Elliot T. Panek, 2021-12-24 This book offers a comprehensive scholarly overview of Reddit one of the most popular and least studied social platforms of the early 21st century The book inspires new ways of thinking about Reddit considering it from multiple perspectives through a historical lens as a site where identity is forged as a democracy as a community and as a news aggregator and distributor By bringing theories from computer mediated communication communication studies and sociology to bear on original large scale observational analyses of Reddit s communities this book provides a uniquely comprehensive overview of the platform s first 15 years Understanding Reddit will help us make sense of how rapidly growing communities function in an era of mass online anonymity Serving both as a primer on how social behavior on Reddit plays out and as a way of locating it within multiple theoretical traditions the book will offer important insights to scholars and students in the disciplines of communication media studies information science internet and emerging media studies and sociology

You Should Quit Reddit Jacob Desforges, 2023-02-21 In recent years countless books articles and documentaries have addressed the negative effects that social media platforms have wrought on their users and society However these former works are incomplete nearly no attention has been paid to Reddit one of the most popular websites in the world Reddit is certainly unique among social platforms but its potential for addiction and darker side of nefarious activity should absolutely not be understated Additionally nearly no actionable advice has been provided to users of these platforms The audience is told that these websites and apps are harming their mental health wasting their time and that they are addictive which would logically make the task of quitting rather difficult but then provided zero guidance on how to disconnect from them Over 200 000 users gather on Reddit s r NoSurf community to discuss reducing their internet use the forum is filled with reports of people who want to quit Reddit but find themselves psychologically compelled to return to the site over and over For moderate to heavy users of these platforms quitting is clearly not so simple *You Should Quit Reddit* is a paradigm shift in the genre Jacob Desforges was a Reddit user of over a decade and a self admitted Reddit addict who spent on average around three hours daily on the site Not only is this the first book investigating Reddit s flaws as a platform but it is also written from the perspective of someone who experienced firsthand the struggle that comes with quitting these addictive platforms This book therefore also provides readers with the practical advice tools and techniques needed to shatter the cycle of digital addiction enabling them to quit visiting Reddit and other time wasting websites for good so they can effectively reclaim their time to use in a more intentional manner *Calendarium*

Inquisitionum Post Mortem ,1806 *Gaming Democracy* Adrienne L. Massanari, 2024-10-29 How play and gaming culture have mainstreamed far right ideology through social media platforms From Gamergate to the ongoing Big Lie the far right has gone mainstream In *Gaming Democracy* Adrienne Massanari tracks the flames of toxicity found in the far right and alt right movements as they increasingly take up oxygen in American and global society In this pathbreaking contribution to the

fields of internet studies game studies and gender studies Massanari argues that Silicon Valley's emphasis on meritocracy and free speech absolutism has driven this rightward slide These ideologies have been coded into social media spaces that implicitly silence marginalized communities and subject them to rampant abuse by groups that have learned to game the ecology of platforms algorithms and attention economies While populist movements are not new phenomena such as QAnon parental rights activism and COVID denialism are uniquely of the internet with supporters demonstrating both technical acumen and an ability to use memes and play as a way of both building community and fomenting dissent Massanari explores the ways that the far right uses memetic humor and geek masculinity as tools both to create a sense of community within these leaderless groups and to obfuscate their intentions Using the lens of play and game studies as well as the concept of metagaming *Gaming Democracy* is a novel contribution to our understanding of online platforms and far right political activism

Calendarium Rotulorum Chartarum Et Inquisitionum Ad Quod Damnum, 1803 *Streaming Media and Cultural Memory in a Postdigital Society* Renira Rampazzo Gambarato, Johannes Heuman, 2024-12-31 This book offers a relevant contribution to the studies of streaming media and transmediality with an original approach of cultural sustainability perfectly intertwined with cultural memory beyond borders By critically reflecting on popular streaming media series the book identifies their impact on the global circulation of cultural memory their learning potential for educational purposes and the societal challenges and opportunities that emerge from the ubiquitous streaming media penetration and potential for participatory practices It also investigates how series available worldwide on commercial platforms such as Netflix and Max contribute to the global circulation of cultural memories in addition to illuminating the ethical unsustainable and educational concerns involved in the fictionalization of the past Drawing on the authors expertise in media studies and history this transdisciplinary book will interest scholars in the fields of media studies cultural studies memory studies history transmedia studies education postdigital studies television studies social communication sociology and philosophy *A Networked Self and Birth, Life, Death* Zizi Papacharissi, 2018-08-06 We are born live and die with technologies This book is about the role technology plays in sustaining narratives of living dying and coming to be Contributing authors examine how technologies connect disrupt or help us reorganize ways of parenting and nurturing life They further consider how technology sustains our ways of thinking and being hopefully reconciling the distance between who we are and who we aspire to be Finally they address the role technology plays in helping us come to terms with death looking at technologically enhanced memorials online rituals of mourning and patterns of grief enabled through technology Ultimately this volume is about using technology to reimagine the art of life **Portfolio** Matthew Gregson, 1824 *The History and Antiquities of the County of Leicester* John Nichols, 1971 *Die Mannosphäre* Jacob Johanssen, 2023-01-10 Dieses Buch analysiert Online Communities die der sogenannten Mannosphäre angehören die für ihren Frauenhass und ihre Nähe zur Alt Right Bewegung der alternativen Rechten in den USA bekannt ist Im Fokus stehen Alt Right YouTuber Incels MGTOWs Men Going Their Own Way und NoFap

The Dark Social Toija Cinque,Alexia Maddox,Robert W. Gehl,2023-11-07 This book explores how people interact online through anonymous communication in encrypted hidden or otherwise obscured online spaces Beyond the Dark Web itself this book examines how the concept of dark social broadens the possibilities for examining notions of darkness and sociality in the age of digitality and datafied life The authors take into account technical moral ethical and pragmatic responses to ourselves and communities seeking to belong in the dark Scholarship on the Darknet and Dark Social Spaces tends to focus on the uses of encryption and other privacy enhancing technologies to engender resistance acts Such understandings of the dark social are naturally in tension with social and political theories which argue that for politics and acts to matter they must appear in the public light They are also in tension with popular narratives of the dark recesses of the web which are disparaged by structural powers who seek to keep their subjects knowable and locatable on the clear web The binary of dark versus light is challenged in this book The authors provocation is that practices of dark resistance motility and power are enacted by emerging data cultures This book draws together scholarship activism and creativity to push past conceptual binary positions and create new approaches to darknet and dark social studies The Dark Social Online Practices of Resistance Motility and Power will be a key resource for academics researchers and advanced students of media studies cultural studies communication studies research methods and sociology This book was originally published as a special issue of Continuum Journal of Media Cultural Studies
