Online Anthology Decorated Papers Sourcebook Designers:

An Anthology of Decorated Papers P. J. M. Marks, 2018-02-06 This remarkable and beautiful book brings together a collection of decorated papers dating from the 16th to the 20th century They were produced for a wide variety of uses as wrappers and endpapers for books as the backing for playing cards and even as linings for chests and cases Some decorated papers were used as humble pictures for display in churches and the home some were sold as souvenirs to pilgrims and others were used merely as wrappings for foodstuffs such as gingerbread and chocolate What unites all the papers in the book is the richness of their ornamentation and the thin flexible characteristics of the original sheets They are all further united by having been collected by Olga Hirsch 1889 1968 a trained bookbinder who left her collection of some 3 500 papers to the British Library where they remain one of the largest and most diverse collections of decorated papers in the world This anthology brings together some of the most exquisite examples It will delight and inspire designers bibliophiles and anyone with a love of pattern and decoration

Conservation of Books Abigail Bainbridge, 2023-03-27 *Conservation of Books* is the highly anticipated reference work on global book structures and their conservation offering the first modern comprehensive overview on this subject The volume takes an international approach to its subject Written by over 70 specialists in conservation and conservation science based in 19 countries its 26 chapters cover traditional book structures from around the world the materials from which they are made and how they degrade and how to preserve and conserve them It also examines the theoretical underpinnings of conservation what and how to treat and the ethical cultural and economic implications of treatment Technical drawings and photographs illustrate the structures and treatments examined throughout the book Ultimately readers gain an in depth understanding of the materiality of books in numerous global contexts and reflect on the practical considerations involved in their analysis and treatment *Conservation of Books* is a quintessential reference work for book conservators and anyone working with books such as collection managers librarians curators dealers collectors historians and related professionals It is also an indispensable text for students to complement hands on training in this field
