

COMPARE AND CONTRAST

Read the passage carefully. Identify if the given statements compares (CE) or contrasts (CT) the two characters.

Jen had a best friend whose name was also Jenn but with a double "n." They had beautiful brown eyes and blonde hair. But Jenn had long, wavy hair, while Jen had short, straight hair. They went to the same school and studied in the same class. They enjoyed playing sports together. They both excelled in their artistic talents, with a knack for drawing. One of them had a cat as a pet, while the other had a dog. They had different favorite colors, adding a unique touch to their friendship. They were responsible and often helped each other with homework. Coincidentally, their birthdays were in the same month. They loved their pets very much. Jenn took her cat wherever she went, while Jen's dog was her constant companion. However, tragedy struck when Jen forgot to close her dog's cage one day, and that was the last day she saw her pet. On the other hand, Jenn's cat brought joy to her life, and they played together every night.

1. They studied in the same class and school. _____
2. They have the same hair color. _____
3. One of them had a cat as a pet. _____
4. They were responsible. _____
5. They took their pet wherever they went. _____
6. Their eyes were of the same color. _____
7. Both of them were good at drawing. _____

Reading Comprehension Skills Benjamin Lee, AI, 2025-02-22 Reading Comprehension Skills explores the cognitive processes behind effective reading addressing how readers can improve understanding and retention It emphasizes that reading

comprehension is not passive but an active process improved through targeted strategies The book delves into crucial areas such as vocabulary acquisition where expanding knowledge helps unlock complex texts and active reading which transforms rote reading into engaged analysis The book progresses systematically starting with core cognitive concepts like working memory and attention before moving into specific strategies for vocabulary development and active reading techniques like SQ3R A key focus is metacognition teaching readers to monitor their understanding and address comprehension breakdowns in real time By integrating cognitive principles with practical techniques the book empowers readers to understand why strategies work not just how Drawing from literacy research cognitive psychology and educational science the book provides evidence based techniques for improved reading comprehension essential for academic success and lifelong learning It emphasizes the importance of understanding one's own comprehension process allowing readers to identify areas of confusion and apply fix up strategies effectively This approach is especially valuable for students educators and anyone seeking to become a more engaged and proficient reader

The Cognitive Development of Reading and Reading Comprehension Carol McDonald Connor, 2016-02-26 Learning to read may be the most complex cognitive operation that children are expected to master and the latest research in cognitive development has offered important insights into how children succeed or fail at this task The Cognitive Development of Reading and Reading Comprehension is a multidisciplinary evidence based resource for teachers and researchers that examines reading comprehension from a cognitive development perspective including the principal theories and methods used in the discipline The book combines research into basic cognitive processes genetics perception memory executive functioning and language with an investigation of the effects that context and environment have on literacy outcomes making clear how factors such as health family life community policy and ecology can influence children's cognitive development
