The on-line card readers allow reception personnel to check openings as well as authorize or deny card access in real time. Non-volatile memory supports an audit trail of the last 8,000 openings, and an antipass back function is also incorporated.

The off-line card readers allow only authorized card holders to gain access, and the audit trail retains the last 500 openings.

Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information.
