A Jewish Trinity Alan Brill, 2025 In *A Jewish Trinity* Alan Brill offers a Jewish understanding of six topics often discussed in contemporary Christian theology Trinity original sin incarnation salvation messianism and covenant Brill shows that contemporary Christian theology allows for greater commonality while remaining aware of differences *The Writers Directory*, 2013

Participation and Covenant Dick Moes, 2024-03-13 In *Participation and Covenant* Contours of a Theodramatic Theology Moes develops a theological framework that has participation in the life of God in Christ through the Spirit as its integrative center In doing so he enters into conversation with covenant or federal theology particularly as it has been presented by Michael Horton in which the integrative center is the concept of the covenant He argues that God's fundamental relationship with humanity does not entail a covenant ontology a fundamentally legal and ethical relationship to God as we find in Horton's presentation but rather an ontology of participating in God's loving presence in Christ through the Holy Spirit For this relationship we were created and this participation is therefore natural to us Accordingly a theodramatic framework that incorporates a reframed understanding of divine human covenants and that has participation in the life of God in Christ by the Spirit as its integrative center is better able to give direction for clearly communicating the gospel in our secular culture and for properly shaping our Christian identity and practice in the face of the secularism that affects the church too than Horton's framework of covenant theology *From Zwingli to Amyraut* Jon Balserak, Jim West, Carl R. Trueman, 2017-09-11 Historians and scholars of the Reformation's earliest century are invited to expand their understanding of that critical era by an examination of aspects of Reform which are lesser known than Luther and his activities This volume widens and deepens and broadens our perceptions of the Reformation and reminds us that in fact what we have in the 16th and early 17th century are Reformations On the occasion of the 500th anniversary of the German monk and reformer Martin

Luther posting his theses October 31 1517 the contributors of this volume invite us to expand our understanding of the Reformation by an examination of aspects of Reform which are lesser known than Luther to probe some less explored corners of the Reformation To be sure Martin Luther himself receives attention in this volume But the aim of this book is really to take the occasion provided by the increased attention paid to the Reformation during the year 2017 to explore other theologians movements and ideas The expanding of the scholarly mind and opening up of new vistas often overshadowed by larger figures like Luther can only be good for the study of the Reformation and Early Modern era This volume is intended for students of early modern Church history with a particular focus on the non Lutheran aspects of that history Hardness of Heart in Biblical Literature Charles B. Puskas,2022-09-13

Every speaker teacher or preacher has on some occasion encountered an audience that was unreceptive to what he or she had to say One response to such communication breakdowns given by both the Old Testament prophets and New Testament authors was to declare that the hearers have hardened their hearts to the message or that God has hardened them What is this hardness of heart phenomenon Who became hardened and why Was it a result of some deficiency in communication What were the consequences of such a disposition Is there any hope for a change of perspective for those hardened In this concise and carefully argued volume Charles Puskas considers all the key texts relating to human obstinacy towards God in pursuit of answers to these questions

Sit on Our Hands, or Stand on Our Feet? Roger Philip Abbott,2013-01-07 The aim of Sit on Our Hands or Stand on Our Feet is not to present a theology that explains disasters In fact there is no such theology Nor is this work primarily for those who are responded to it is not part of the theological grab bag that Christian responders carry with them to use for the benefit of casualties It is more a part of the Christian s engaged practical theological apprenticeship prior to and during a response This book represents the role of the practical theologian who empowers the church community s legitimation and contribution in disaster response and who encourages individual Christians whose calling into particularly relevant professions whose natural skills and or professional training could find them placed in a major incident responding status paid or voluntary doing their work as unto the Lord It is a serious must read for any Christians who have hearts heavy with compassion but who are not sure what to do or why when disaster strikes **Death and Life** Andy Boakye,2017-07-20

The resurrection of Jesus is arguably the most significant component of the Christian narrative and is critical for Paul s presentation of the Gospel Yet it is routinely marginalized in study of the polemics of Galatians largely because it is explicitly mentioned only once and even then only obliquely This investigation redraws the boundaries of its impact in the letter showing the risen Christ to be an indispensable feature of how Paul s argument unfolds and achieves its ultimate objective establishing a rationale for the creation of a multiethnic eschatological family of God which is grounded in Israel s biblical tradition **Index to Jewish Periodicals** ,2003 An author and subject index to selected and American Anglo Jewish

journals of general and scholarly interests **Forthcoming Books** Rose Arny,1997-04 **The British National**

Bibliography Arthur James Wells, 2005 *Religion Index One*, 2006 **Who Am I, Lord?** Joe Heschmeyer, 2020-04-17 The question Who am I is on the minds and hearts of people of all ages And for good reason The answer is important Who we are or who we think we are drives our actions and shapes our relationships Only when we understand who Christ really is can he show us who we are Our identity in Christ opens us to the promises he has made us and leads us to the freedom to be who we were created to be

Called by God's Name Linda Leggett, 2012-12-20 When God named himself it was more than a label He stressed that his name represented his character and those who bore it must accurately display that character in their words and deeds Misunderstanding this basic biblical truth has led to the reduction of the third commandment to simply a language issue in popular culture However its correct understanding and preaching should be the start of knowing Gods dealings with his Old and New Testament people as well as the template for todays believers Initially establishing the consistency of the testamental record through themes and the use of the Old Testament by Jesus and the New Testament writers the author displays some of Gods characteristics found in both testaments which illustrate ethical requirements for his church and inspire the responses of his people The fruit of a lifetime of study of the Old Testament distilling biblical wisdom written concisely and understandable to the average church member though informed by much scholarly reading As a gifted biblical expositor and much loved classroom teacher Leggett again pushes us into Old Testament study to inform us of the New and inspires us to more whole hearted devotion to the God who has called us by his name Dr Terrance Tiessen emeritus professor of theology and ethics Providence Seminary Leggetts final work captures his love for Scripture as he carefully explores the theme of Christian identity drawing on his thorough familiarity with the biblical texts and his impressive knowledge of Old Testament scholarship Accessibility in style and practical insights make it a valuable resource for the lay person to deepen their understanding of the Scriptures and the God of whom they speak John Franklin IMAGO director adjunct at Tyndale Seminary and Trinity College Toronto With warmth and passion the author traces specific themes through both testaments illustrating their unity of witness to the character of God The

Self-designations and Group Identity in the New Testament Paul Trebilco, 2011-11-24 What terms would early Christians have used to address one another In the first book length study on this topic Paul Trebilco investigates the origin use and function of seven key self designations brothers and sisters believers saints the assembly disciples the Way and Christian In doing so he discovers what they reveal about the identity self understanding and character of the early Christian movement This study sheds light on the theology of particular New Testament authors and on the relationship of early Christian authors and communities to the Old Testament and to the wider context of the Greco Roman world Trebilco s writing is informed by other work in the area of sociolinguistics on the development of self designations and labels and provides a fascinating insight into this often neglected topic
