Breaking Bad Habits Anthony Ekanem, 2016-12-31 Most of the things we do in life are done out of habit From the moment we wake up in the morning to the actions we take throughout the day our morning routine our regular breakfast and our daily chores at work the habits we develop literally control most of our actions Because our habits dictate all the small details that make up our everyday lives they also are directly related to the bigger issues in our lives such as how much money we earn the kind of person we marry or live with our physical condition and health and every other area of our lives Our habits determine our character the type of person we project to the rest of the world and ultimately our destiny So if we embrace bad habits those habits which have a negative impact on who we are then those same habits will prevent us from achieving excellence in our lives holding us back from reaching our fullest potential It s only by breaking bad habits and

replacing them with good habits that we can ultimately succeed in life and be the people we were truly meant to be The purpose of this book is to show you how to break bad habits any sort of bad habit from those that are damaging to your health like smoking or not wearing a seat belt to those that affect your self esteem such as negative thinking or overeating and replace them with positive behaviors that can become part of your daily life and finally cause you to see the results you truly want **AI Simplified: Artificial Intelligence Made Simpler for Seniors** DIZZY DAVIDSON,2025-04-12 AI
