News Reporting And Writing Missouri Group:

News Reporting and Writing Missouri Group, Brian S. Brooks, George Kennedy, Daryl R. Moen, Don Ranly, 2010-11-10 It is a tumultuous time in journalism as media forms evolve and new models emerge. There are few clear answers but no one is more prepared than The Missouri Group to tackle these issues head on and to teach students the core enduring journalism skills they need to succeed whether they write for the local paper, a professional blog, cable news or even work in public relations.

A New Introduction to Journalism G. Greer, Graham Greer, 1998-05 Introducing styles of writing other than the inverted pyramid and Wall Street Journal methods and including chapters on trade unions and the future of journalism in South Africa. This introduction offers South African perspectives to those for whom English is the first or second language.

News Reporting and Writing Brian S. Brooks, 2002 **Just the Facts** David T.Z. Mindich, 1998-11-01 A superb history of journalism's most respected tenet: objectivity and the challenges of achieving it in today's world. Christian Science Monitor. If American journalism were a religion as it has been called, then its supreme deity would be objectivity. The high priests of the profession worship the concept while the iconoclasts of advocacy journalism, new journalism and cyberjournalism consider objectivity a golden calf. Meanwhile a groundswell of tabloids and talk shows and the increasing infringement of market concerns make a renewed discussion of the validity, possibility and aim of objectivity a crucial pursuit. Despite its position as the orbital sun of journalistic ethics, objectivity until now has had no historian. David T. Z. Mindich reaches back to the nineteenth century to recover the lost history and meaning of this central tenet of American journalism. His book draws on high profile cases showing the degree to which journalism and its evolving commitment to objectivity altered and in some cases limited the public's understanding of events and issues. Mindich devotes each chapter to a particular component of this ethic: detachment, nonpartisanship, the inverted pyramid, style, facticity and balance. Through this combination of history and cultural criticism he provides a profound meditation on the structure, promise and limits of objectivity in the age of digital media. There is a growing unhappiness about the direction of news coverage. Readers and viewers want objectivity back. The first step toward doing that is to understand where objective journalism came from in the first place. Just the Facts is a good place to begin. The Washington Monthly. Die Individualität der Celebrity Jens Ruchatz, 2014-10-01 Das Interview ist medienbergreifend eines der erfolgreichsten journalistischen Genres. Es etabliert sich bis zum Ende des 19. Jahrhunderts in der Zeitung, um gelegentlich in Buchform zu perdauern. Im 20. Jahrhundert wird es zu einem wesentlichen Bestandteil von Hörfunk und Fernsehen und im 21. Jahrhundert sucht es seinen Platz im Internet. Umso erstaunlicher ist es, dass eine systematische Erforschung der Geschichte und Funktion des Genres bislang aussteht. Vor diesem Hintergrund vermisst Jens Ruchatz das breite Feld des journalistischen Interviews und entwirft dessen Gattungsgeschichte als Mediengeschichte. Als Konstante dieser 150-jährigen Geschichte erweist sich das generisch garantierte Versprechen, durch die authentische Wiedergabe eines Gesprächs die Authentizität der befragten Person so zu erfassen, dass das Individuum seine sozialen Masken

ablegt Das dem Genre so stabil zugeschriebene Vermögen bindet es funktional eng an die medienkulturelle Figur der Celebrity Diese wiederum erweist sich seit Beginn des 19. Jahrhunderts als bevorzugter Ort um in populärer Form das moderne Problem zu verhandeln wie man sich überzeugend als Individuum darstellen kann In der Verknüpfung von Interview Celebrity und Individualität arbeitet diese Studie die besondere Funktion der Interviewform heraus exemplarisch individualisierende Selbstbeschreibungen vorzuführen die im massenmedial hergestellten Zwiegespräch stets schon kommunikativ eingeleitet sind

News Talk Colleen Cotter, 2010-02-11 Written by a former news reporter and editor News Talk gives us an insider's view of the media showing how journalists select and construct their news stories Colleen Cotter goes behind the scenes revealing how language is chosen and shaped by news staff into the stories we read and hear Tracing news stories from start to finish she shows how the actions of journalists and editors and the limitations of news writing formulas may distort a story that was prepared with the most determined effort to be fair and accurate Using insights from both linguistics and journalism News Talk is a remarkable picture of a hidden world and its working practices on both sides of the Atlantic It will interest those involved in language study media and communication studies and those who want to understand how media shape our language and our view of the world
