By My Side is my personal journey through the trials Ive faced with the Almighty God by my side the whole time Even the darkest times in my life had a lighthouse It took a lot of strength and courage to finally swim to safety I had to give up my

own control so God could take the pain away When I finally hit bottom there was nowhere to go but up As I was searching for something to help me attempt to start my journey to recovery I noticed his hand reaching out He was always there but unfortunately it took me reaching the bottom to finally reach the lighthouse I hope this book helps others know that God is always there whether we acknowledge him or not He is just waiting for us to rely on him to take the weight of this world off of our shoulders Gods love is indescribable It is unconditional It is safe It is eternal When I let God into my heart I was finally able to start healing the wounds this world threw at me By my side is the hope strength and love God provides during the earthy struggles we all face

13+1 Vladimir Weaver, 2020-02-25

Vladimir Weaver's new trilogy the 13 1 It is unsure if our story takes place in the distant future or remote past The only thing certain is that 13 1 takes us to planet Mynodis After numerous cataclysms people start a seemingly calm period where everyone's work is necessary and everybody can live a good life in relative security and recognition But what lies under the surface If you could live a life where you are never sick hardly age and have the chance to live forever what would you do for it Would you sacrifice your whole life in return You can get into 13 classes where the gap between the standards of living in the lower ones and the higher ones is inconceivable for average people Ree Vox was born into the class of the poorest Once in life everybody can choose between good and bad rich and poor life After that there is no way to change classes Ree decided to live a happy but humble life with his love but nothing happens as planned But there might be something that is worse than death Is immortality the most one can wish for Excitement adventure love fight and everything you can imagine Sit down and brace yourself it begins It's an understatement when I say I was astounded when my friend Vladimir whom I have known for not less than 15 years announced that he had finished his science fiction novel and would be happy to send it to me to read And he did so without any pomposity with his natural phlegm Only talented people are capable of this they are not the slightest surprised by their extraordinary achievements Of course writing a book is only a considerable achievement if it has a value or at least it entertains Ree Vox's adventure in a chaotic world unknown to today's man is exciting moving and captivating at the same time The author's creativity is mixed with deep understanding of the science fiction world thanks to which he makes the story plausible maintains the reader's attention incessantly and at occasions he stretches the reader's nerves to the breaking point Due to our friendship it is hard to assess the book objectively but I am convinced that I can heartily recommend the book for reading

Clay Castle J.I. Huston, 2019-02-15. Clay Castle. By J.I. Huston. The author's inspiration for this story came about as she studied a watercolor print she bought at a benefit sale. A once beautiful old house had many tales to tell if those walls could talk. Town gossip of Clay City for four generations had centered around a house such as this. It really all begins with Lenny. While waiting for car repairs, she meets a couple of teenagers at the local pharmacy. While sipping her cherry coke at the old-fashioned soda fountain, the teenagers introduce her to the inner workings of Clay City. From their perspective, the most unique topic for a stranger to their town is the Clay Castle. As a private investigator by profession, Lenny finds this town and their castle an itch she can't scratch. Contact with her new pharmacy friends with tidbits of events brings her back. Her first return visit entices her and she begins to unravel the town's mysteries. Uncovering uncomfortable things about their town makes some of the residents wish this redhead would just go away. She soon finds herself in the midst of one of the town's secrets. Then the Clay Castle gets personal. Open Cockpit Arthur Gould Lee, 2012-08-19. A riveting firsthand account of training for and surviving air combat during World War I by the author of *No Parachute*. Thanks to a broken leg during flight school, Arthur Gould Lee gained valuable time flying trainers before he was posted in France during World War I. In November 1917, during low-level bombing and strafing attacks, he was shot down three times by ground fire. He spent eight months at the front and accumulated 222 hours of flight time in Sopwith Pups and Camels during a staggering 118 patrols and engaged in combat 56 times. And yet he lived to retire from the RAF as an air vice marshal in 1946. Lee puts you in the cockpit in this compelling personal account of life as a fighter pilot at the front. At turns humorous and dramatic, this thoughtful enlightening memoir is a classic of military aviation.
