Necessary Nerd Essential Stereotypes Basic:

The Necessary Nerd Jasper Burns, 2015-12-09 A survey of human stereotypes that have probably existed in all human societies and therefore must have adaptive significance and be inheritable Some are considered disorders when they contribute to maladjustment in highly regimented and complex modern societies However it is argued here that these traits e g bipolarity social awkwardness reclusiveness would not persist if they did not contribute to the survival of the species and should therefore be valued and accommodated whenever possible The basic human group assumed to consist of approximately 150 individuals is described with a proposed ideal number of individuals for each of the essential stereotypes Parallels in the animal kingdom are also briefly discussed This book is not a scientific treatise Rather it is essay by an amateur who argues for a greater acceptance and understanding of personality diversity as an adaptive feature of the human species Jasper Burns is the author and illustrator of more than 40 books on a wide variety of subjects including human and natural history numismatics and spirituality

Cult Collectors Lincoln Geraghty, 2014-02-24 Cult Collectors examines cultures of consumption and the fans who collect cult film and TV merchandise Author Lincoln Geraghty argues that there has been a change in the fan convention space where collectible merchandise and toys rather than just the fictional text have become objects for trade nostalgia and a focal point for fans' personal narratives New technologies also add to this changing identity of cult fandom whereby popular websites such as eBay and ThinkGeek become cyber sites of memory and profit for cult fan communities The book opens with an analysis of the problematic representations of fans and fandom in film and television Stereotypes of the fan and collector as portrayed in series such as The Big Bang Theory and films like The 40 Year Old Virgin are discussed alongside changes in consumption practices and the mainstreaming of cult media Following this theoretical chapters consider issues of gender representation nostalgia and the influence of social media Finally extended case study chapters examine in detail the connections between the fan community and the commodities bought and sold Topics discussed include The San Diego Comic Con and the cult geographies of the fan convention Hollywood memorabilia and collecting cinema history The Star Wars franchise merchandising and the adult collector Online stores and the commercialisation of cult fandom Mattel Hasbro and nostalgia for animated eighties children's television

Nerds David Anderegg, 2011-03-03 A lively thought provoking book that zeros in on the timely issue of how anti intellectualism is bad for our children and even worse for America Why are our children so terrified to be called nerds And what is the cost of this rising tide of anti intellectualism to both our children and our nation In Nerds family psychotherapist and psychology professor David Anderegg examines why science and engineering have become socially poisonous disciplines why adults wink at the derision of nerdy kids and what we can do to prepare our children to succeed in an increasingly high tech world Nerds takes a measured look at how we think about and why we should rethink nerds examining such topics as our anxiety about intense interest in things mechanical or technological the pathologizing of nerdy behavior with diagnoses such as Asperger syndrome the cycle of anti nerd prejudice that took place after the Columbine incident why nerds are almost exclusively an American phenomenon the archetypal struggles of nerds and jocks in American popular culture and history the conformity of adolescents and why adolescent stereotypes linger into adulthood long after we should know better and nerd cultural markers particularly science fiction Using education research psychological theory and interviews with nerdy and non nerdy kids alike Anderegg argues that we stand in dire need of turning around the big dumb ship of American society to prepare rising generations to compete in the global marketplace Watch a QuickTime trailer for this book
