Die Ordnung der Welt in Haus und Staat Wolf Rainer Wendt, 2019-09-09 In der Welt bewahren und wandeln sich Haus und Staat als Basisinstitutionen menschlichen Zusammenlebens. Sie sind auf einer kotheoretischen Grundlage Gegenstand einer vergleichenden Studie. Im globalen Rahmen haben sich in Haus und Staat die Modi gesellschaftlicher Steuerung unterschiedlich entwickelt. In ihnen und mit ihnen wird Ordnung in der Welt und für die individuelle und gemeinsame Lebensführung geschaffen. Mit den institutionellen Handlungsrahmen Haus und Staat in der Welt sind Weisen der Daseinsgestaltung entfaltet, die einander in ihrer europäisch-ökzidentalen und ostasiatischen Ausformung gegenübergestellt werden. Ihre Diskussion erfolgt entlang der altgriechischen Grundbegriffe und Denkformen des Oikos, der Polis und des Kosmos einerseits und der altchinesischen Kategorien *jia guo* und *tianxia* andererseits. Sie werden mit ihren ethischen, politischen und ökonomischen Bezügen in ihrer traditionellen und gegenwärtigen Bedeutung und auf ihre kologische Zukunftsfähigkeit hin erörtert. Erkenntnisleitend ist das Interesse an einer diskursiven Verständigung über nachhaltige lebensdienliche Ordnungen angesichts globaler Herausforderungen.

Think Tanks, Silicon Valley und 'flüchtige Überwachung' Ulrich Oberdiek, Andreas Daniel Kopietz, 2019 Den Verlaufsformen der Performanz des Neoliberalismus kann nach wie vor starke Dominanz attestiert werden, wenngleich Formen und Quantität globale Durchdringung je nach Region oder Land differieren. Im vorliegenden Band sind Studien vereint, die zentrale neoliberale Prozesse aus ethnologischen, also diverse Kontexte einbeziehenden Perspektiven angehen. Damit geht es nicht nur um Auswirkungen neoliberalen Handelns in bestimmten Regionen, sondern auch um die Sache selbst und ihre ursächlichen Akteure. Die Aufsätze zeigen zentrale Sachbereiche des Neoliberalismus auf, problematisieren, analysieren und nehmen kritische Haltungen ein. Manche können der

Ingenious Citizenship Charles T. Lee, 2016-02-05 In Ingenious Citizenship Charles T. Lee centers the daily experiences and actions of migrant domestic workers sex workers transgender people and suicide bombers in his rethinking of mainstream models of social change Bridging cultural and political theory with analyses of film literature and ethnographic sources Lee shows how these abject populations find ingenious and improvisational ways to disrupt and appropriate practices of liberal citizenship When voting and other forms of civic engagement are unavailable or ineffective the subversive acts of a domestic worker breaking a dish or a prostitute using the strategies and language of an entrepreneur challenge the accepted norms of political action Taken to the extreme a young Palestinian woman blowing herself up in a Jerusalem supermarket questions two of liberal citizenship's most cherished values life and liberty Using these examples to critically reinterpret political agency citizenship practices and social transformation Lee reveals the limits of organizing change around a human rights discourse Moreover his subjects offer crucial lessons in how to turn even the worst conditions and the most unstable positions in society into footholds for transformative and democratic agency

Feminists Rethink the Neoliberal State Leela Fernandes, 2018-01-23 A rich set of feminist perspectives on the varied and often contradictory nature of state practices structures and ideologies Growing socio economic inequality and exclusion are defining features of the twenty first century While debates on globalization free trade and economic development have been linked to the paradigm of neo liberalism it does not explain all the forms of social change that have been unfolding in comparative contexts Feminists Rethink the Neoliberal State provides a timely intervention into discussions about the boundaries practices and nature of the post liberalization state suggesting that an understanding of economic policies the corresponding rise of socio economic inequality and the possibilities for change requires an in depth reconceptualization Drawing on original field research both globally and within the United States this volume brings together a rich set of perspectives on the varied and often contradictory nature of state practices structures and ideologies in the post

liberalization era The essays develop an interdisciplinary approach that treats an understanding of historically specific forms of inequality such as gender race caste sexuality and class as integral to rather than as after effects of the policies and ideologies associated with the neoliberal project The volume also tackles central questions on the restructuring of the state the state s power operations the relationship between capital and the state and its interactions with the institutions and organizational forms of civil society in the post liberalization era As such Feminists Rethink the Neoliberal State examines both what is distinctive about this post liberalization state and what must be contextualized as long standing features of modern state power A truly international and interdisciplinary volume Feminists Rethink the Neoliberal State deepens our understanding of how policies of economic liberalization shape and produce various forms of inequality **Neoliberal**

inequality and violence across the globe It illuminates the vital and ongoing power of neoliberalism in order to open up a critical space for thinking through how life beyond neoliberalism might be achieved Adorno and the Architects of Late Style in India Tania Roy, 2021-03-11 In the postcolonial world the claim to an emancipated national culture was bound to its aesthetic correlate the unfolding time and experiments of the twentieth century novel Today the constructs of both novel and a progressivist national project function in all their closures within global scales of economic disparity and violent exclusion What is the fate of a literary canon when it is no longer capable of delineating a future or otherwise is bound to reproduce the failures of the past within its own inscriptions How do we experience our current globalist moment when lived inequities of gender labour and ethnicity emerge in a text's inability to speak on time When does artistic or literary failure become the measure of a work's accomplishment And what sort of liberation is envisioned by works that refuse the imperatives of progress and independence which embrace the appearance of obsolescence by rejecting values of artistic freedom originality and innovation These are some of the provocations that arise from T W Adorno's idea of late style for our own conjuncture a properly postcolonial context in which every conceptual or expressive engagement is articulated through an awareness of eroded national promise Examining works by Rabindranath Tagore Mulk Raj Anand Vikram Seth and the photography of Dayanita Singh Tania Roy examines the delayed claims of literary and artistic modernity in India through Adorno's category of late style In striking readings of Adorno and his interlocutors the book extends a poetics of lateness toward a speculative history of the twentieth century novel in India Comprised of critically neglected selections from the oeuvres of canonical writers *Adorno and the Architects of Late Style in India* proposes that under conditions of advanced capitalism logics of redundancy overtake the novel's foundational reference point in the nation to produce altered frames of thought and sensibility and therein a reader who might encounter anew the figures of an unfulfilled twentieth century *European Populism and Human Rights* Jure Vidmar, 2020-02-03 This volume focuses on the recent challenge posed by right wing populism to democratic consolidation in Europe and particularly explores the legal dimensions of this challenge Part One attempts to define political populism and explains why it poses a challenge to democratic political order in Europe Part Two examines the theoretical underpinnings of the populist challenge to human rights and democracy in Europe Part Three applies this theory to concrete examples and considers case studies including an old EU Member State two newer EU Member States and a non EU Member State party to the ECHR The aim is to examine the consequences of the present populist challenge in Europe that has been marked with excessively nationalist policies in some states party to the ECHR It is explored how the Convention rights have been undermined but also what the limitations are of the ECHR acting as a safety net for democratic consolidation in Europe *Neoliberal Indigenous Policy* Elizabeth Strakosch, 2016-02-05 This book examines recent changes to Indigenous policy in English speaking settler states and locates them within the broader shift from social to neo liberal framings of citizen state relations via a case study of Australian federal policy between 2000 and

2007 **Neoliberalism and Race** Lars Cornelissen, 2025-10-14 Lars Cornelissen argues that the category of race constitutes an organizing principle of neoliberal ideology. Using the methods of intellectual history and drawing on insights from critical race studies, Cornelissen explores the various racial constructs that structure neoliberal ideology, some of which are explicit while others are more coded. Beginning in the interwar period and running through to recent developments, *Neoliberalism and Race* shows that racial themes have always pervaded neoliberal thinking. The book's key argument is that neoliberal thought is constitutively racialized; its racial motifs cannot be extracted from neoliberalism without rendering it theoretically and politically incoherent. The book aptly explores a wide variety of racial constructs through the structure of neoliberal ideology, deconstructing the conceptualizations in the works of landmark thinkers such as Ludwig von Mises, Friedrich Hayek, Peter Bauer, Thomas Sowell, Charles Murray, and others from the early twentieth century to the present. In this original, perhaps controversial critique, Cornelissen asserts that neoliberal thinkers were not just the passive recipients of racial discourse but also directly impacted it.
