compendium looking at the main regulations and policies with reference to the ICT sector. It serves as a ready reckoner for new entrants and professionals alike providing global and local perspectives on topics that impact the growing Digital Economy. P Balaji, Chief Regulatory and Corporate Affairs Officer, Vodafone Idea Limited, India, Emerging ICT Policies and Regulations Roadmap to Digital Economies is a must read for understanding essential questions regarding ICT Policy and Regulation as digitization develops locally and globally. With useful information on the case of India and other countries, the book provides a clear, comprehensive and cogent capture of relevant concepts and practices as well as emerging challenges. Powerful illustrations make concrete the nuance of regulatory approaches and provide added value for the reader. Dr Nanette S Levinson, Professor, Internet Governance Lab, School of International Service, American University, USA. Reference books are usually an important source of information but they are often not very readable. I am glad to say that Prof Sridhar has managed to produce a very well written account of ICT regulation and policies with a focus on India and the result is a comprehensive and interesting volume with a number of very useful chapters, many of them easily digested on their own. The book is highly recommended for members of the internet and telecommunications industries, regulators and researchers. Dr Jairo Gutierrez, Professor and Deputy Head, Engineering, Computer and Mathematical Sciences, Auckland University of Technology, New Zealand. Prof Sridhar's book provides the required regulatory theory and framework on 13 most important issues of the digital economy and provides guidance for setting policies and rules. A comprehensive reference for students and practitioners in the area of ICT regulation. Dr S Sadagopan, Director and Professor, International Institute of Information Technology, Bangalore, India. Emerging ICT Policies and Regulations puts together invaluable and timely research in mapping and analysing the various issues faced by digital economy in India. Prof Sridhar has captured the most pressing issues in it pertaining to Competition Law and Policy, Intellectual Property Rights, net neutrality, data privacy, regulating OTT services etc not just comprehensively but in a reader friendly way. A must read for anyone wanting to get insights on the numerous challenges involved in optimally regulating ICT driven services. Pradeep S Mehta, Secretary General, Consumer Unity, net neutrality or interconnection, cybersecurity or privacy. Sridhar peels off layers and presents underlying tensions within the fast paced technological revolution and rather slow evolution of policy regulation. Deepak Maheshwari, Former Secretary, ISP Association of India, Co Founder, National Internet eXchange of India, Former Chair, IEEE Internet Initiative, India. An encyclopedic mapping of regulatory challenges and solutions for the sector by the always insightful Prof Sridhar. Through a single book, he provides an accessible guide to a plurality of regulations impacting the various layers of the OSI model. Sunil Abraham, Executive Director, Centre for Internet Society, India.

Solution-Focused Case Management

Robert G. Blundo, Joel Simon, 2015-11-06. Blundo and Simon have successfully outlined how a solution focused perspective can be a powerful tool for case managers. Their understanding and presentation is based upon practice scenarios that are real and applied. They clearly demonstrate the impact of thinking and language and the importance of building a collaborative

relationship with clients Their work challenges the traditional theory driven interventions that focus on problems and arrive at a diagnosis They encourage a shift to a co constructive partnership that requires a practitioner to respect that clients are experts of their own lives They provide a clear step wise discussion of techniques and strategies that can be employed working with individuals and families in case management settings This book is a must read Lawrence T Force PhD LCSW R Professor of Psychology Mount Saint Mary College Newburgh NY From the Foreword Solution focused practice is a paradigm that stresses client abilities strengths and individual goals rather than disability Written by a team of educator practitioners noted for their expertise in solution focused therapy this how to text for social work counseling and psychology students guides current and future case managers in learning this strengths based collaborative approach to case management It discusses both the philosophical basis for solution focused casework and demonstrates how it is ideally suited for the case management process The book is based on teaching materials the authors have developed and used in their classes and workshops with undergraduate and graduate students and professionals The text incorporates new research and theoretical developments in solution focused therapy as well as actual practice scenarios demonstrating the process of building a collaborative relationship with individual clients and families Replete with strategies and tools for practicing solution focused case management the text describes such essential skills as identifying goals monitoring progress working with other agencies and transitioning out of treatment It discusses issues related to ethical practice and presents strategies for self care Additionally the book addresses diversity and social justice and their relationships to solution focused practice Student exercises help to reinforce knowledge The text will assist case managers in a variety of settings hospitals nursing homes rehabilitation facilities community based mental health agencies schools prisons court systems and shelters for the homeless and victims of domestic violence to partner with their clients towards finding strengths based and solution focused approaches to resolving issues in a positive way
