Finding Jesus in the

Old Testament David Limbaugh, 2015-11-09 A New York Times Bestseller In Finding Jesus in the Old Testament David Limbaugh unlocks the mysteries of the Old Testament and reveals hints of Jesus Christ's arrival through all thirty nine Old Testament books The key to the secrets of the Old Testament Limbaugh argues is the crucial New Testament encounter between the risen Jesus and two travelers on the road to Emmaus With that key and with Limbaugh as a deft guide readers of Finding Jesus in the Old Testament will come to a startling new understanding of the Old Testament as a clear and powerful heralding of Jesus Christ's arrival Limbaugh takes readers on a revealing journey from Genesis through Malachi demonstrating that a consistent message courses through every one of the Old Testament's thirty nine books the power wonder and everlasting love of Jesus Christ Previously published under the title The Emmaus Code *The Year of Living Biblically* A J Jacobs, 2012-01-31 Avoiding shellfish was easy The stoning of adulterers proved a little more difficult and potentially controversial Was it enough to walk up to an adulterer and gently touch them with a stone Even that could be grounds for accusations of assault especially with female adulterers in Manhattan So what's a good Bible reading boy to do Raised in a secular family but increasingly interested in the relevance of faith in our modern world A J Jacobs decides to dive in head first and attempt to obey the hundreds of less publicized rules The resulting spiritual journey is at once funny and profound reverent and irreverent personal and universal and will make you see history's most influential book with new eyes

The Trouble with the Trinity Carlos A. Pinkham, 2019-07-26 One God or one with several forms Or maybe two three or perhaps many separate Gods If you seriously study all the Christian religions you will find that each of these possibilities is claimed That is one trouble with the Trinity there are just too many possibilities Which if any is right Which view does the Bible support And if it supports one view how strongly and in exactly what way The Trouble with the Trinity attempts to study every verse in God's Word that links a name for one or more members of the Godhead with a nearby word or concept for God Nearly a thousand verses meet this condition Collating them into logical categories reveals the eight and only eight possible ways and combinations that could help us understand that the Father Son and Holy Spirit is Three in One Moreover when the verses in each of these eight ways are further organized they provide deep insights into the nature of God And when the eight ways are woven together they reveal a startling symbol with relevance to Judaism Christianity Islam geometry and our neural network Furthermore these insights are reinforced through the symbolism of the colors used in the tabernacle when these colors are properly applied to the eight parts of the symbol The book incorporates mathematics and science especially the biological sciences written with plain language into the discussions of the Trinity Some of the proposed connections have never been posited elsewhere It also considers other symbols and icons of the Trinity for their ability to reflect aspects of the Triune Godhead The Trouble with the Trinity is not written for the theologian although it includes a section that presents a theological discussion of the Trinity Rather it is written for those who are curious about or confused by the Trinity For more information and to view Images About the book Appendixes and more as well as contact information please go to <https://www>
