New Testament Exposition From Text To Sermon:

New Testament Exposition Walter L. Liefeld, 1989-06-13 Expository preaching is an elusive ideal Many preachers aspire to it few are acknowledged masters For most a gap exists between the sermon that addresses the needs of the hearers and one that methodically plumbs the depths of Scripture New Testament Exposition is written to bridge this gap and bring together the disciplines of preaching and exegesis In this book Liefeld addresses the three main concerns of expository preaching What is the text saying How can its message be communicated in ways that are appropriate to the passage the seeing and the goals of the sermon How can the message meet the real needs of the congregation in a way that is consistent with the purpose and function of the text This book demonstrates how these concerns can be brought together in a sermon and it is this thoughtful practical approach that makes the book so valuable to preachers and seminarians The book is divided into three parts Part I explores the characteristics of expository preaching Part II deals with preparing the text and addresses such areas as practical exegesis exegetical outlines narratives and compositional patterns semantic patterns and underlying assumptions of the text Part III discusses application of the text by asking What is the function of the text What are the needs of the congregation How can one preach to inner heart needs as well as to the external circumstances facing the congregation New Testament Exposition is not vague theory nor is it esoteric study beyond the grasp and time of the busy pastor Throughout the book Dr Liefeld reflects his experience in the classroom and pulpit and his concerns as scholar and pastor are clearly seen in the final chapters of this volume Chapter 9 examines preaching from difficult texts How might one handle parables miracle stories obscure passages culturally related texts The final chapter provides a demonstration of all that is discussed throughout the book by walking the road through the actual preparation for a sermon New Testament Exposition Walter L. Liefeld, 1984 This study examines some key approaches to ecumenical social ethics in the past century as expressed in the thought of Walter Rauschenbusch Reinhold Niebuhur and the World Council of Churches The author argues that unless Christians are clear about the ways that theology and philosophy relate to one another and work themselves out in our practical commitments we will lose the ability to discuss social ethics as individuals and churches let alone reach effective arguments **A Handbook of New Testament Exegesis** Craig L. Blomberg, Jennifer Foutz Markley, 2010-11 This accessible handbook provides sound guidance on how to study the New Testament in depth offering a step by step approach to the exegetical task Preaching Values in the Bible Ph. D. James E. Smith, 2011-05-14 A practical discussion of strategies for preaching from the major types of biblical literature The chapters are organized in three main divisions introductory expository and suggestive preaching units **Exemplary Life** Andy Chambers, 2012-11-01 Exemplary Life articulates Luke's vision for life together in a local church using key passages from Acts 2 42 47 4 32 35 and 5 12 16 known as summary narratives as the starting point of reference Although Luke is rightly acclaimed as the church's first historian he was a powerful writer and theologian as well He also planted churches with Paul and had definite convictions

about what life together in the church should look like Yet Luke s theology of church life is underemphasized in modern scholarship downplayed by issues rising from the historical critical method However when the summary narratives are studied through the lens of narrative and rhetorical criticism Luke s strategy is unmistakable Those passages cast a vision for life together in an exemplary church drawn from the historical circumstances of the church in Jerusalem These narratives also serve as a starting point for studying church life throughout Acts When the church planting movements in Samaria Antioch Ephesus and Troas are examined we find echoes of the narratives almost constantly These amplify and drive home Luke s message in the summary narratives Taking this path twenty distinct characteristics of exemplary church life emerge From repentance and Scriptural authority to praying together and earning the respect of neighbors each one is thoughtfully presented here by author Andy Chambers to reassert Luke s voice in 21st century conversations about the faithful formation of New Testament churches

A. Beville,2010-04-16 Starting with some observations relating to shifts in ecclesiology and identifying them as a move beyond contextualization to syncretism this work goes on to assess the feasibility of preaching in a postmodern culture which rejects both the idea of absolute truth and authority used as power It traces the historical and philosophical development of postmodernism The Enlightenment project is deemed to have failed and Christianity is perceived as an oppressive metanarrative In a world that is becoming increasingly sceptical and where preaching practitioners are becoming disillusioned this book offers some guidelines about preaching to postmoderns In a relational age rationality is impotent but the author distinguishes between authoritative and authoritarian preaching allowing hope for the survival of the homiletic task Humility is presented as preferable to certitude and persuasion is redefined The author suggests using an inductive mode of communication as a means of engaging postmodern listeners He signposts a way forward in the labyrinthine complexity of the new paradigm and demonstrates that the homiletic task is still feasible Thus this book will be of interest to teachers and students of theology as well as pastors desiring to develop a new apologetic strategy **Recapturing the Voice of God** Steven W.
