Children's Literature and Culture Rebecca Rowe, 2025-08-08 Children's Literature and Culture An Introduction guides readers in the study of culture in around and through children's literature Children's literature has long been used as a mechanism by which a culture passes its values from one generation to the next Because of this culturally didactic purpose children's literature can be viewed as one of the most fruitful areas of study of any given culture At the same time studying the cultures from which works of children's literature emerge and in which they circulate can also help better understand not only the ideas of childhood that underpin individual texts for children but the role they play in the construction and transmission of different cultural ideologies This book teaches readers this double work of using culture to understand children's literature and vice versa This volume traces the scholarly methodologies and histories that have attended the study of each of the 20 chapters given subject from the representation of race in and around children's literature to questions of censorship to how libraries can and do shape children's literature In the process it prepares readers to confidently enter and forward scholarly debates and to teach such debates to their own students **Wisconsin Library Bulletin**, 1975

Enduring Questions David Bloome, Evelyn B. Freeman, Rosemary Horowitz, Laurie Katz, 2022-11-28 This accessible guide

to Jewish children's literature explores many of the enduring questions of the Jewish tradition: What is Jewish history? What are love, wisdom, humor, ritual, evil, and justice? Jewish children's literature matters for all children, and with this practical guide, parents and teachers will be empowered to choose and discuss books and stories with Jewish or non-Jewish children. Jewish children's literature is often absent in school classrooms, and when it is available, it presents a picture to children of Jews as victims. *Enduring Questions* provides teachers with guidance in the use of Jewish children's literature in the preschool and elementary school classroom. *Enduring Questions* includes extensive bibliographies of Jewish children's literature, digital resources for teachers, and suggestions for further reading. With summaries of suggested books and texts, honest recommendations from teachers who have used these texts in the classroom, and practical curricular connections, this comprehensive book is suited for those looking for an introduction to teaching Jewish children's literature and those familiar with it. The book provides a framework about the use of Jewish children's literature as an opportunity for all children, both Jewish and non-Jewish, to be philosophers and engage in dialog and debate. The enduring questions thoughtfully explored through Jewish literature are important for all students growing up in a diverse multicultural world. **Handbook of**

Research on Children's and Young Adult Literature Shelby Wolf, Karen Coats, Patricia Enciso, Christine Jenkins, 2011-04-27. This multidisciplinary handbook pulls together in one volume the research on children's and young adult literature, which is currently scattered across three intersecting disciplines: education, English, and library and information science. Reading the Art in Caldecott Award Books Heidi K. Hammond, Gail D. Nordstrom, 2014-08-14. *Reading the Art in Caldecott Award Books* is a practical and easy-to-use reference handbook explaining what makes the art in Caldecott Medal and Honor books distinguished. It is a useful manual for librarians, teachers, and others who want to better understand picture book illustration. This book includes many useful components: Short entries about fifty-six books; Information on styles and media; Artistic analysis of the illustrations; Appendixes on selected sources for further reading; Randolph Caldecott Medal terms and criteria; bibliography of entries; and a list of Caldecott winners. Glossary of art terms; Indexes of author, illustrator, title, media, and style. This book, used in conjunction with Caldecott Award books, provides readers with ready-to-use information they can share with children and others while helping to build confidence in one's ability to talk about art in all picture books. *Top of the News*, 1964. *Virginia Lee Burton* Barbara Elleman, 2002. Examines the life, career, artistic style, and literary themes of the twentieth-century author and illustrator of such classic picture books as *Mike Mulligan and His Steam Shovel* and *The Little House*. **Prizing Children's Literature** Kenneth Kidd, Joseph Thomas Jr., 2016-11-10. Children's book awards have mushroomed since the early twentieth century, and especially since the 1960s, when literary prizing became a favored strategy for both commercial promotion and canon making. There are over 300 awards for English language titles alone, but despite the profound impact of children's book awards, scholars have paid relatively little attention to them. This book is the first scholarly volume devoted to the analysis of Anglophone children's book awards in historical and

cultural context With attention to both political and aesthetic concerns the book offers original and diverse scholarship on prizing practices and their consequences in Australia Canada and especially the United States Contributors offer both case studies of particular awards and analysis of broader trends in literary evaluation and elevation drawing on theoretical work on canonization and cultural capital Sections interrogate the complex and often unconscious ideological work of prizing the ongoing tension between formalist awards and so called identity based awards all the more urgent in light of the We Need Diverse Books campaign the ever morphing forms and parameters of prizing and scholarly practices of prizing Among the many awards discussed are the Pura Belpr Medal the Inky Awards the Canada Governor General Literary Award the Printz Award the Best Animated Feature Oscar the Phoenix Award and the John Newbery Medal giving due attention to prizes for fiction as well as for non fiction poetry and film This volume will interest scholars in literary and cultural studies social history book history sociology education library and information science and anyone concerned with children s literature
