The Blondes Emily Schultz, 2025-10-16 *The Blondes* is a hilarious and whipsmart novel where an epidemic of a rabies like disease is carried only by blonde women all of whom must go to great lengths to conceal their blondness Hazel Hayes is a grad student living in New York City As the novel opens she learns she is pregnant from an affair with her married professor at an apocalyptically bad time random but deadly attacks on passers by all by blonde women are terrorizing New Yorkers Soon it becomes clear that the attacks are symptoms of a strange illness that is transforming blondes whether CEOs flight attendants students or accountants into rabid killers Emily Schultz's beautifully realized novel is a mix of satire thriller and serious literary work With biting satiric wit *The Blondes* is at once an examination of the complex relationships between women and a merciless but giddily enjoyable portrait of what happens in a world where beauty is literally deadly

Children of Las Vegas Timothy O'Grady, 2016-06-16 Thirty seven million people visit Las Vegas every year It's a city that offers to fulfil all your desires without any repercussions What happens in Vegas stays in Vegas right But what happens to the people who have to grow up there *Children of Las Vegas* tells ten of their stories recorded by award winning author Timothy O Grady tales of overdoses desert shoot outs suicides casinos desert air and broken dreams They include the son of a casino owner whose father gambled their fortune away and died broke and alone a mother of five whose partner kidnapped her children and is now a meth addict living in the tunnels within sight of the glittering lights of the city and a 23 year old star performer turned male prostitute These are the children of the card dealers and the cocktail shakers the jugglers and the dancers the limo drivers and the wheel spinners These are the children whose parents don't come home until they've left for school These are the children whose parents might not come home at all Their stories are interspersed with short essays about the city by Timothy and portraits by highly acclaimed photographer Steve Pyke There are horror stories in every city but these things aren't just happening in Las Vegas they're happening because of it

Nevada Michael S. Green, 2015-03-23 *Nevada A History of the Silver State* has been named a CHOICE Outstanding Title

Michael S Green a leading Nevada historian provides a detailed survey of the Silver State's past from the arrival of the early European explorers to the predominance of mining in the 1800s to the rise of world class tourism in the twentieth century and to more recent attempts to diversify the economy Of the numerous themes central to Green's analysis of Nevada's history luck plays a significant role in the state's growth The miners and gamblers who first visited the state all bet on luck Today the biggest contributor to Nevada's tourist economy gaming still relies on that same belief in luck Nevada's financial system has generally been based on a one industry economy first mining and more recently gaming Green delves deeply into the limitations of this structure while also exploring the theme of exploitation of the land and the overuse of the state's natural resources Green covers many more aspects of the Silver State's narrative including the dominance of one region of the state over another political forces and corruption and the citizens often tumultuous relationship with the federal government The book will appeal to scholars students and other readers interested in Nevada history **Global**

Undergrounds Carlos López Galviz, Paul Dobraszczyk, Bradley L. Garrett, 2016-06-15 Rest your eyes long enough on the skylines of Delhi Guangzhou Jakarta even Chicago or London and you will see the same remarkable transformation building after building going up with the breakneck speed of twenty first century urbanization But there is something else just as transformative that you won't see sprawling networks of tunnels rooting these cities into the earth Global Undergrounds offers a richly illustrated exploration of these subterranean spaces charting their global reach and the profound but often unseen effects they have on human life The authors shine their headlamps into an astonishing diversity of manmade underground environments including subway systems sewers communications pipelines storage facilities and even shelters There they find not only an extraordinary range of architectural approaches to underground construction but also a host of different cultural meanings Underground places can evoke fear or hope they can serve as sites of memory places of work or the hidden headquarters of resistance movements They are places that can tell a city's oldest stories or foresee its most distant futures They are places ultimately of both incredible depth and breadth crucial to all of us topside who work as urban planners geographers architects engineers or any of us who take subway trains or enjoy fresh water from a faucet Indeed as the authors demonstrate the constant flux within urban undergrounds the nonstop circulation of people substances and energy serves all city dwellers in myriad ways not just with the logistics of day to day life but as a crucial part of a city's mythology *Atkinson's Evening Post and Philadelphia Saturday News*, 1957-09 **Sunday stories, ed. by H. Aspden**

Hartley Aspden, 1896 *The Magicians Trilogy Books 1-3* Lev Grossman, 2015-06-09 The entire 1 New York Times bestselling Magicians trilogy including *The Magicians* *The Magician King* and *The Magician's Land* now available in one ebook bundle *The Magicians* Quentin Coldwater is brilliant but miserable A high school math genius he's secretly fascinated with a series of children's fantasy novels set in a magical land called Fillory and real life is disappointing by comparison When Quentin is unexpectedly admitted to an elite secret college of magic it looks like his wildest dreams may have come

true But his newfound powers lead him down a rabbit hole of hedonism and disillusionment and ultimately to the dark secret behind the story of Fillory The land of his childhood fantasies turns out to be much darker and more dangerous than he ever could have imagined The Magicians is one of the most daring and inventive works of literary fantasy in years No one who has escaped into the worlds of Narnia and Harry Potter should miss this breathtaking return to the landscape of the imagination The Magician King Quentin Coldwater should be happy He escaped a miserable Brooklyn childhood matriculated at a secret college for magic and graduated to discover that Fillory a fictional utopia was actually real But even as a Fillorian king Quentin finds little peace His old restlessness returns and he longs for the thrills a heroic quest can bring Accompanied by his oldest friend Julia Quentin sets off only to somehow wind up back in the real world and not in Fillory as they'd hoped As the pair struggle to find their way back to their lost kingdom Quentin is forced to rely on Julia's illicitly learned sorcery as they face a sinister threat in a world very far from the beloved fantasy novels of their youth The Magician's Land Quentin Coldwater has lost everything He has been cast out of Fillory the secret magical world of his childhood dreams that he once ruled With nothing left to lose he returns to where his story began the Brakebills Preparatory College of Magic But he can't hide from his past and it's not long before it comes looking for him Meanwhile the magical barriers that keep Fillory safe are failing and barbarians from the north have invaded Eliot and Janet the rulers of Fillory embark on a final quest to save their beloved world only to discover a situation far more complex and far more dire than anyone had envisioned Along with Plum a brilliant young magician with a dark secret of her own Quentin sets out on a crooked path through a magical demimonde of gray magic and desperate characters His new life takes him back to old haunts like Antarctica and the Netherlands and old friends he thought were lost forever The Magician's Land is an intricate and fantastical thriller and an epic of love and redemption that brings the Magicians trilogy to a magnificent conclusion confirming it as one of the great achievements in modern fantasy
