Certain Sainthood Donald S. Prudlo, 2016-03-21 The doctrine of papal infallibility is a central tenet of Roman Catholicism and yet it is frequently misunderstood by Catholics and non Catholics alike Much of the present day theological discussion points to the definition of papal infallibility made at Vatican I in 1870 but the origins of the debate are much older than that In Certain Sainthood Donald S Prudlo traces this history back to the Middle Ages to a time when Rome was struggling to extend the limits of papal authority over Western Christendom Indeed as he shows the very notion of papal infallibility grew out of debates over the pope s authority to canonize saints Prudlo s story begins in the twelfth and thirteenth centuries when Rome was increasingly focused on the fight against heresy Toward this end the papacy enlisted the support of the young mendicant orders specifically the Dominicans and Franciscans As Prudlo shows a key theme in the papacy s battle with heresy was control of canonization heretical groups not only objected to the canonizing of specific saints they challenged the concept of sainthood in general In so doing they attacked the roots of papal authority Eventually with mendicant support the very act of challenging a papally created saint was deemed heresy Certain Sainthood draws on the insights of a new generation of scholarship that integrates both lived religion and intellectual history into the study of theology and canon law The result is a work that will fascinate scholars and students of church history as well as a wider public interested in the evolution of one of the world s most important religious institutions *A Companion to Medieval Miracle Collections*

The Saint's Life and the Senses of Scripture Ann W. Astell, 2024-07-15 Through close examination of ancient medieval and modern Lives of the saints Ann W Astell demonstrates how the historical transformation of hagiography as a genre correlates with similar changes in biblical studies Christian hagiography flourished from the fourth to the fifteenth centuries illuminating the gospel through the overlapping forms of exempla and vita Originally the Lives of the saints were understood as hermeneutical extensions of the Bible God authors the saint just as God authors the divinely inspired scriptures During the medieval period a sense of dual authorship between God and the cooperating saint developed paralleling the Scholastic impulse to assign greater agency to the human writers of scripture Then in the sixteenth century powerful new anxieties about historical truth pushed hagiography aside for biography its successor Drawing on her expertise in the history of Christianity and biblical exegesis Astell convincingly shows how this radical shift in hagiography's status the loss of the literal allegorical tropological and anagogical senses of the Lives serves as a bellwether for modern biblical reception

Infallibility, Integrity and Obedience John M. Rist, 2023-01-01 The doctrinal and structural revolution currently underway in the Roman Catholic Church is alarming for several reasons not least because of the arbitrary nature of its imposition and the absence of resistance it has encountered The reluctance of many to challenge the authority of the pope tied to the increasing personal veneration by the faithful of each successive incumbent of the Holy See is arguably a symptom of unresolved unclarity surrounding the nature of authority in the Church dating back to the First Vatican Council In *Infallibility Integrity and Obedience* John Rist unflinchingly exposes the developments that have bred this crisis of understanding and the resulting rejection of tradition in the papal agenda over the past hundred and fifty years Reserving particular attention for the Roman Catholic dilemmas political and theological of the 1930s the mid twentieth century debates on reproductive technology and the advent of celebrity autocracy he shows how a misapprehension of the nature and definition of papal infallibility is at the root of the major issues facing the Church today Most importantly he proposes how the conciliar and individual decisions that have led to the current situation might be reversed and how the proper role of the Pope can be reclaimed for the good of the Church *Bible Missals and the Medieval Dominican Liturgy* Innocent Smith, 2023-11-06 Bible Missals are manuscripts that integrate liturgical prayers for the Mass with the scriptural texts of the Latin Vulgate Long overlooked by scholars Bible Missals offer important evidence for the development of the medieval liturgy and the liturgical use of scripture by medieval Christians This monograph is the first comprehensive analysis of the codicology and contents of

Bible Missals Mostly produced in the first half of the 13th century by professional book makers in centers like Paris and Oxford these hybrid manuscripts were customized for secular monastic and mendicant patrons This monograph focuses on Dominican Bible Missals the largest group within the repertoire providing detailed codicological descriptions of each manuscript and analyzing their texts for the Order of Mass and selected liturgical formularies including prayers for the feast of St Dominic For medieval Christians the words and events of scripture were continually called to mind and reenacted in the sacramental rites of the Mass Bible Missals provide important material evidence for this interplay between word and sacrament

Living Martyrs in Late Antiquity and Beyond Diane Fruchtmann, 2023-02-01 This book demonstrates that living martyrdom was an important spiritual aspiration in the late antique Latin west and argues that consequently attempts to define study or locate martyrdom must move away from conceptualizations that require or center on death After an introduction that traces the persistence of living martyrs as real objects of spiritual devotion and emulation across the span of Christian history and discusses why such martyrs have been overlooked the book focuses on three significant authors from the late ancient Latin west for whom martyrdom did not require death the Spanish poet Prudentius c 348 413 the senator turned ascetic Paulinus of Nola 353 431 and the influential North African bishop Augustine of Hippo 354 430 Through historically and literarily contextualized close readings of their work this book shows that each of these three authors attempted to create a new paradigm of martyrdom focused on living rather than dying for God By focusing on these living martyrs we are able to see more clearly the aspirations and agendas of those who promoted them as martyrs and how their martyrological discourse illuminates the variety of ways that martyrdom is and can be mobilized in any era to construct new community creating worldviews Living Martyrs in Late Antiquity and Beyond is an important resource for historians of Christianity scholars of religious studies and anyone interested in exploring or understanding martyrological discourse The Introduction of this book is available for free in PDF format as Open Access from the individual product page at www.routledge.com It has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Suspect Saints and Holy Heretics Janine Larmon Peterson, 2019-12-15 In Suspect Saints and Holy Heretics Janine Larmon Peterson investigates regional saints whose holiness was contested She scrutinizes the papacy's toleration of unofficial saints cults and its response when their devotees challenged church authority about a cult's merits or the saint's orthodoxy As she demonstrates communities that venerated saints increasingly clashed with popes and inquisitors determined to erode any local claims of religious authority Local and unsanctioned saints were spiritual and social fixtures in

the towns of northern and central Italy in the thirteenth and fourteenth centuries In some cases popes allowed these saints cults in others church officials condemned the saint and or their followers as heretics Using a wide range of secular and clerical sources including vitae inquisitorial and canonization records chronicles and civic statutes Peterson explores who these unofficial saints were how the phenomenon of disputed sanctity arose and why communities would be willing to risk punishment by continuing to venerate a local holy man or woman She argues that the Church increasingly restricted sanctification in the later Middle Ages which precipitated new debates over who had the authority to recognize sainthood and what evidence should be used to identify holiness and heterodoxy The case studies she presents detail how the political climate of the Italian peninsula allowed Italian communities to use saints cults as a tool to negotiate religious and political autonomy in opposition to growing papal bureaucratization Open Access edition funded by the National Endowment for the Humanities **Profiling Saints** Elisa Frei, Eleonora Rai, Christopher B. Brown, Günter Frank, Barbara

Mahlmann-Bauer, Tarald Rasmussen, Violet Soen, Zsombor Tóth, Günther Wassilowsky, Siegrid Westphal, 2023-05-15 Profiling Saints follows and expands the papers presented at the homonym online international conference December 2021 which focused on cultural theological artistic and social aspects of models of sanctity and their importance in the modern world up to the post revolutionary period This volume aims thus to shed light on the cultural value of canonizations and models of sanctity as models of Christian perfection including the role of iconography and artworks in the broader context of modern global Catholicism The topics presented by the authors include veneration to and canonization and representations of saint theologians missionaries martyrs mystics and reformers men and women Profiling Saints looks at modern sanctity and saints from multidisciplinary perspectives ranging from liturgy theology and Church history up to history of ideas cultural history history of emotions and art history and contributes to shed light on such a complex phenomenon of Christian history in its modern developments *Cumulative Book Index* ,1998 A world list of books in the English language *Subject Guide to Books in Print* ,2001 **SCP Journal** ,2003 **Chosen among Women** Mary F. Thurlkill, 2008-01-15 Chosen among

Women Mary and Fatima in Medieval Christianity and Shi ite Islam combines historical analysis with the tools of gender studies and religious studies to compare the roles of the Virgin Mary in medieval Christianity with those of Fatima daughter of the prophet Muhammad in Shi ite Islam The book explores the proliferation of Marian imagery in Late Antiquity through the Church fathers and popular hagiography It examines how Merovingian authors assimilated powerful queens and abbesses to a Marian prototype to articulate their political significance and at the same time censure holy women s public charisma Mary Thurlkill focuses as well on the importance of Fatima in the evolution of Shi ite identity throughout the Middle East She examines how scholars such as Muhammad Baqir al Majlisi advertised Fatima as a symbol of the Shi ite holy family and its glorified status in paradise while simultaneously binding her as a mother to the domestic sphere and patriarchal authority This important comparative look at feminine ideals in both Shi ite Islam and medieval Christianity is of

relevance and value in the modern world and it will be welcomed by scholars and students of Islam comparative religion medieval Christianity and gender studies **The New York Times Index** ,1995 Sainthood in the Later Middle Ages Andri Vauchez,André Vauchez,2005-02-17 This is a standard work of reference for the study of the religious history of western Christianity in the later middle ages which since its original publication in French in 1981 has come to be regarded as one of the great contributions to medieval studies of recent times Hagiographical texts and reports of the processes of canonisation a mode of investigation into saints lives and their miracles implemented by the popes from the end of the twelfth century are here used for the first time as major source materials The book illuminates the main features of the medieval religious mind and highlights the popes attempts to gain firmer control over the wide variety of expressions of faith towards the saints in order to promote a higher pattern of devotion and moral behaviour among Christians
