increase the federal debt for our children immensely Having lost people support Biden withdrew his nomination and Harris was chosen to oppose former president Trump We prayed that America become safe soon after the 2024 election with a Trump victory People want to be prideful in this country again People want a cheerleader for this nation not the one without redeeming value we now have sleeping most of the time on the beach And we don't have much hope if flip flop giggling Vice president Harris with no change in value gets elected with Joy To our surprise former President Trump painted USA Republican red defeating Harris badly by midnight on election night

dozens of borrowers and policymakers and dug into the archives to unearth the true causes of the student loan problem A couple of generations ago policy makers generously subsidized Americans college educations because they knew it would be advantageous for the entire country a more educated population meant better quality of life for all But today higher education is viewed as an individual goal so students and their families are expected to be on the hook for it themselves Berman explains how this enormous shift happened which industries benefit from it and what it means for college going Americans today She shares real life stories of college graduates who are being crushed under some of the harshest consequences of the student loan system These borrowers pursued higher education in hopes of a better life and yet some have been trapped in debt for decades making it difficult to put food on the table much less imagine a life beyond debt By connecting personal accounts to the policy history of student loans Berman makes clear that if American society continues to push students toward higher education but fails to truly subsidize it the financial strain will become unbearable for all but the most privileged The current system is broken but Berman proposes that significant changes are possible and will require political will from state lawmakers and Congress along with a philosophical shift to tackle one of the largest consumer finance challenges of our time *Symphony News* ,1979 **Privacy Act Issuances ...
