

Find the Time Zone

A time zone is a region that observes a uniform standard of time. While some countries have a single time zone, other countries like the United States span several time zones.

If it's 1:00 in the Pacific time zone, it's 2:00 in the mountain time zone, 3:00 in the central time zone, and 4:00 in the eastern time zone.

DIRECTIONS: Use the map of the continental United States to answer the questions.

Example: If it is 8:00 a.m. in Chicago, what time is it in Seattle? 6:00 a.m.

1. If it's 5:00 a.m. in New York City, what time is it in St. Louis? _____
2. If it is 9:30 p.m. in San Francisco, what time is it in Atlanta? _____
3. Imagine you're in New Orleans, and your friend in Denver asked you to call her at 4:00 p.m. mountain time. What time will it be in New Orleans when you call? _____
4. Pretend you're flying from Cleveland to Salt Lake City. It's a four-hour flight, and you leave at 8:00 a.m. What time will it be in Salt Lake City when you land? _____
5. Pretend you're flying from Los Angeles to Boston. It's a six-hour flight, and you leave at 11:30 a.m. What time will it be in Boston when you land? _____
6. A train ride from Atlanta to Dallas is 18 hours. If you left Atlanta at 6:00 a.m., what time will it be when you arrive in Dallas? _____

The Power of Middle School

Keen J. Babbage, 2012-09-14 The middle school years are a maze of academic duties human growth and self development discovering self identity and increasing social interaction with other people This maze can be an adventure of achievement and opportunity or it can be a struggle of difficulty and disappointment As these experiences are the impetus or foundation for many later achievements in academics careers and personal life it is imperative that educators maximize these formative years by helping middle school students successfully travel through this maze despite its ups and downs its twists and turns and its new challenges to master and the old issues to resolve For instance educators must support students who have fallen behind so as to thwart their reduced likelihood of turnaround in high school Likewise educators must challenge exceptional students in order to perpetuate their enthusiasm for learning and prepare them for college studies By discussing the comprehensive roles and duties of school administrators counselors and teachers The Power of Middle School addresses how to maximize middle school curriculum and extra curricular activities for the academic personal and professional benefits of all students
