Love Hacks Annette Mori, 2024-06-01 Joy Stiles is adrift. Having finally finished her graduate degree at the National Defense University, the only thing keeping her interested is an ongoing feud with a fellow hacker to gain access to sensitive information. Against all odds, the person snuck their way into her tech and kept leaving taunting messages. It's driving Joy crazy. She doesn't have time for this. Operation Elephant Bites isn't working. As The Organization thought it would when they started down that path two years ago. Now they have a new worry. Someone is desperately trying to find out more about The Organization, believing they are behind the attacks on the mines. Whoever that person is has not only ties to the Chinese and Russian governments but also members of the US Government. Top secret files at the NSA call their unknown group The Crusaders. Joy's efforts to uncover the identity of the enemy lead The Organization to a lot more than evil plans, and it's up to The Next Generation with support from senior members of The Organization to thwart the inevitable trajectory, perhaps with the assistance of Joy's irritating foe.
