Nederlands Dans Theater Season 20032004:

Processing Choreography Elizabeth Waterhouse, 2022-03-07 Told from the perspective of the dancers Processing Choreography Thinking with William Forsythe's Duo is an ethnography that reconstructs the dancers' activity within William Forsythe's Duo project. The book is written legibly for readers in dance studies, the social sciences, and dance practice. Considering how the choreography of Duo emerged through practice and changed over two decades of history, 1996-2018, Elizabeth Waterhouse offers a nuanced picture of creative cooperation and institutionalized process. She presents a compelling vision of choreography as a nexus of people in material practices, contexts, and relations. As a former Forsythe dancer herself, the author provides novel insights into this choreographic community. **G.K. Hall Bibliographic Guide to Dance** New York Public Library. Dance Division, 1999. *New Masters of Poster Design* John Foster, 2008-04-30 New in Paperback. In much the way that the CD replaced the album, the poster has waned as a messaging vehicle. The poster has now become a postcard and e-mail blast, leaving many to long for the lost age when posters were not only major promotional vehicles but also artwork worthy of framing. Some of the world's best designers just could not stand idle while the poster fell by the wayside. They turned to the poster for personal expression and as an outlet from more restrictive mediums. This book showcases their breathtaking artwork, which has proven that the poster can still serve as a worthy communications tool. In doing so, they've brought the poster back to prominence. In this book, John Foster has compiled the world's finest new work at the height of this rebirth. There is currently no book on the market that can claim it features a definitive poster collection.
