[Biography for Kids](#) Oluwafemi Abati, 2020-07-29. Great Biographies are real life stories that mentor and motivate the readers to be the best and achieve more out of life. The future belongs to the children. For them to make a sense of that future requires that they receive a functional education that fully equips them to compete on a global stage. Biographies of great men and women that blazed the trail in various fields of human endeavor have the potential to release the children's God-given talents and equip them to impact their environment in a positive manner. That indeed is the motivation for these books. *Biography For Kids Series Two* great books actually were the sources of the inspiration for these books, the two books *Gifted Hands* by Benjamin Carson and *First Mothers* by Bonnie Angelo. These books taught among other things the importance of exposing kids to great and wholesome literature at an early age and sheer influence mothers have on their children for good or for ill. The books are written for children of all age groups in mind. But they also provide invaluable information for the adults. The language used is simple to arrest and sustain the attention of readers. Meaning has been provided for words that may look unfamiliar to the beginners and will enrich their vocabulary. There is no doubt that these books will empower every reader as he or she is taken through the lives and times of the subjects and the values that etched their names on the sands of time.
