Planning the Good Community Jill Grant, 2006 An examination of new urban approaches both in theory and in practice Taking a critical look at how new urbanism has lived up to its ideals the author asks whether new urban approaches offer a viable path to creating good communities With

examples drawn principally from North America Europe and Japan Planning the Good Community explores new urban approaches in a wide range of settings It compares the movement for urban renaissance in Europe with the New Urbanism of the United States and Canada and asks whether the concerns that drive today s planning theory issues like power democracy spatial patterns and globalisation receive adequate attention in new urban approaches The issue of aesthetics is also raised as the author questions whether communities must be more than just attractive in order to be good With the benefit of twenty years hindsight and a world wide perspective this book offers the reader unparalleled insight as well as a rigorous and considered critical analysis
