Contextualization and the Old Testament
 Jerry Hwang, 2022-09-26. Christianity is often viewed in Asia as a Western imposition. Challenging this, Dr. Jerry Hwang examines the Old Testament's cultural engagement of its ancient Near Eastern context, arguing that Scripture itself provides the ultimate model for contextualizing theology in Asia. While it is common for missiological studies to ignore the Old Testament in their discussion of contextualization, truly biblical contextualization must include the whole Bible, not simply the New Testament. This study provides insightful discourse between the Old Testament and various Asian contexts while demonstrating how Asian perspectives can help overcome the Eurocentrism prevalent in Old Testament scholarship. This is an ideal resource for scholars and practitioners interested in a biblical perspective of contextualization, especially as related to constructing theology that honors the truth of Scripture in the context of Asia.

REAL - Yearbook of Research in English and American Literature, Volume 38
 Laura Bieger, Johannes Völz, 2024-04-29. Celebrating the 80th birthday of Winfried Fluck, this volume of *REAL* gathers leading US American and European literary scholars from English and American Studies to engage some of his classic essays covering topics that range from the aesthetics of early American literature to the history of our digital present and from the Americanization of literary studies to the search for American democratic culture. Contributors include field-defining scholars, long-time companions, and colleagues whose intellectual trajectory has been impacted by Fluck's incisive metacriticism and his reception-oriented approach to literary

Carlson, 2022-06-27 2023 Jazz Journalists Association (JJA) Jazz Awards for Books of the Year Honorable Mention Recipient On December 4, 1957, Miles Davis revolutionized film soundtrack production improvising the score for Louis Malle's *Ascenseur pour l'échafaud*. A cinematic harbinger of the French New Wave, *Ascenseur* challenged mainstream filmmaking conventions, emphasizing experimentation and creative collaboration. It was in this environment during the late 1950s to 1960s, a brief golden age for jazz in film, that many independent filmmakers valued improvisational techniques, featuring soundtracks from such seminal figures as John Lewis, Thelonious Monk, and Duke Ellington. But what of jazz in film today? *Improvising the Score: Rethinking Modern Film Music through Jazz* provides an original, vivid investigation of innovative collaborations between renowned contemporary jazz artists and prominent independent filmmakers. The book explores how these integrative jazz film productions challenge us to rethink the possibilities of cinematic music production. In-depth case studies include collaborations between Terence Blanchard and Spike Lee's *Malcolm X*; When the Levees Broke, Dick Hyman and Woody Allen's *Hannah and Her Sisters*; Antonio Sánchez and Alejandro González Iñárritu's *Birdman*; and Mark Isham and Alan Rudolph's *Afterglow*. The first book of its kind, this study examines jazz artists' work in film from a sociological perspective, offering rich behind-the-scenes analyses of their unique collaborative relationships with filmmakers. It investigates how jazz artists negotiate their own creative labor, examining the tensions between improvisation and the conventionally highly regulated structures, hierarchies, and expectations of filmmaking. Grounded in personal interviews and detailed film production analysis, *Improvising the Score* illustrates the dynamic possibilities of integrative artistic collaborations between jazz film and other contemporary media, exemplifying its ripeness for shaping and invigorating twenty-first-century arts, media, and culture. **Analyze, Ideate and Grow** Vanessa Ratten, 2022-04-27 This book explores that in order to survive in the current dynamic and changing business environment, individuals need to analyse and ideate. This book provides analysis on this process involving investigating how and why changes take place and what they mean for society. This book takes into
