Romantasy S Today Tutorial:

Guide to the Perfect Otaku Girlfriend: Roomies and Romance Volume 2 Rin Murakami, 2021-08-23 Kokoro and I made a deal we'll help each other find the perfect otaku date. So we're looking for part-time jobs to meet and possibly hook up with new people but... What the hell is she wearing? Is she really going to let people take pictures of that skimpy cosplay? You're not going to find a boyfriend like that, trust me. I heard that there's a new maid café opening soon, so maybe we could try there. That's not even the best part. Mashiro's going to be there. I already can't wait to be surrounded by cute girls in maid outfits.

Once Forbidden: A Steamy Emotional Contemporary Romance Savannah Kade, 2023-10-26 Su is confident she can keep the hot younger search and rescue guy in his place. They're both adult enough to have a fling while Ian is in town and then walk away at the end of the three weeks with no strings attached. As far as Su is concerned, he can touch anything but her heart. Ian never gets attached anyway. He never has and for good reason. Why should Su be any different? But Su wakes up in the middle of the night with nightmares and not just from one thing. Ian Carello has locked away every memory that could possibly wake him at night. When tragedy strikes, everything will be put on the line. Ian has to acknowledge the painful past he's been hiding and he'll discover he's more attached to Su than he ever thought he could be. But that same horrific moment will make Su realize she can't afford to be tied to anyone ever again. *Once Forbidden* is the third book in the steamy, angst-y Jade River Sanctuary series. If you love rescue dogs, battered hearts in need of mending, and swoonworthy happily ever afters, you're in the right place. This series will have you turning pages and gasping out loud.

Romance in the Digital Game Amy Brierley-Beare, 2025-09-30 In the last decade, the popularity of romance in the AAA game has exploded. It has become an expectation for major releases and a regular object of fan obsession. High-profile games such as *Baldur's Gate III* (2023), *Cyberpunk 2077* (2020), and *Starfield* (2023) prominently feature romance in their multimillion-dollar promotional campaigns. Moreover, rampant speculation by gaming journalists and fans about who is romanceable will regularly accompany the announcement of a new title. However, representations of romance have long been under-examined and vaguely defined by scholars. This leaves important questions unanswered: How does the digital game mediate cultural attitudes towards love and sex? How can we classify representations of romance in the digital game? Does romance simply replicate existing hegemonies surrounding gender and sexuality, or does it offer a space for transgressive play? Book title positions optional romance in the AAA game as a central object of analysis. Based on the close analysis of some of the most commercially and culturally significant games of the last 30 years, like *Grand Theft Auto IV* (2008), the *Mass Effect* series (2007-21), and the *Elder Scrolls* series (1994-2024), it is the first full-length monograph to effectively and comprehensively categorise how mainstream gaming asks its audience to engage with romance. It interrogates the idiosyncrasies of romance in the popular games to provide fresh insights into messaging surrounding normative social understandings of love, sex, and intimacy. By theorising four representational categories of romance: Limerent, Physical, Domestic, and Ludic, Automatic Love
