Amazon Benedetta Brevini, Lukasz Swiatek, 2020-11-26 Taking a political economy of media approach this book examines Amazon as a significant actor in the global media landscape Amazon is mainly conceived in the popular consciousness and media commentary as a corporate body selling products and services to individual consumers and organisations but Brevini and Swiatek show that Amazon has become a communication giant that trades in diversified media its own and others and exerts a significant influence on global communication especially through its online services Further the authors provide evidence of Amazon's multiple influences on politics economics and culture With its comprehensive and critical overview this book is ideal for students scholars and researchers of media and communication studies and political economy **Advanced Computing** Deepak Garg, Sarangapani Jagannathan, Ankur Gupta, Lalit Garg, Suneet Gupta, 2022-02-07 This volume constitutes reviewed and selected papers from the 11th International Advanced Computing Conference IACC 2021 held in December 2021 The 47 full papers and 4 short papers presented in the volume were thoroughly reviewed and selected from 246 submissions The papers are organized in the following topical sections application of artificial intelligence and machine learning in healthcare application of AI for emotion and behaviour prediction problem solving using reinforcement learning and analysis of data advance uses of RNN and regression techniques special intervention of AI **Internet Retailing and Future Perspectives** Eleonora Pantano, Bang Nguyen, Charles Dennis, Sabine Gerlach, 2016-12-08 Since the first edition of this landmark textbook online shopping has grown exponentially to the point that it now threatens to eclipse the high street With online retail offering both advantages and challenges that are distinct from traditional commerce this textbook provides new approaches to retailing and as such helps readers to take advantage of new digital technologies This long awaited new edition provides a thorough and substantial update to its solid core principle of digital retailing and its relationship with conventional retail methods These principles are explained clearly and practically to provide students entrepreneurs and researchers with a reliable guide to the implementation and operation of a successful online retailing business Updates to this edition include Search engine marketing and search engine optimization New and updated case studies including Tesco's virtual store Ray Ban's smart mirror IKEA's mobile catalogue and Nordstrom's TextStyle Social networks and electronic word of mouth communication A new chapter on ubiquitous retailing A brand new companion website to support tutors With accessibly written features such as key learning points questions think points and further reading Internet Retailing and Future Perspectives is ideal for anyone using studying or researching digital commerce **Buy Now** Emily West, 2022-02-22 How Amazon combined branding and relationship marketing with massive distribution infrastructure to become the ultimate service brand in the digital economy Amazon is ubiquitous in our daily lives we stream movies and television on Amazon Prime Video converse with Alexa receive messages on our smartphone about the progress of our latest orders In Buy Now Emily West examines Amazon's consumer facing services to investigate how Amazon as a brand grew so quickly and inserted

itself into so many aspects of our lives even as it faded into the background becoming a sort of infrastructure that can be taken for granted Amazon promotes the comfort and care of its customers but not its workers to become the ultimate service brand in the digital economy West shows how Amazon has cultivated personalized intimate relationships with consumers that normalize its outsized influence on our selves and our communities She describes the brand's focus on speedy and seamless ecommerce delivery represented in the materiality of the branded brown box the positioning of its book retailing media streaming and smart speakers as services rather than sales and the brand's image control strategies West considers why pushback against Amazon's ubiquity and market power has come mainly from among Amazon's workers rather than its customers or competitors arguing that Amazon's brand logic fragments consumers as a political bloc West's innovative account the first to examine Amazon from a critical media studies perspective offers a cautionary cultural study of bigness in today's economy

Ingrained Callum Robinson, 2024-08-22 WINNER OF THE INDIE BOOK AWARD 2025 FOR NON FICTION A NEW YORKER BEST BOOK OF 2024 Robinson's prose is humorous and macho taking its lead from the gruff sensual delivery of food writer Anthony Bourdain FINANCIAL TIMES A debut that's both a paean to the art of woodworking and a memoir about creative endeavours OBSERVER Mesmeric SPECTATOR Robinson's chiselled elegant prose is the sound of a bright new voice in non fiction SOPHY ROBERTS author of A Training School for Elephants and Lost Pianos of Siberia A beautifully cut and crafted masterpiece inlaid with insight and polished with the pure joy of nature CHRIS PACKHAM author of Fingers in the Sparkle Jar A Memoir Original Rare As beautiful as trees A masterpiece JOHN LEWIS STEMPEL author of Meadowland The Running Hare and The Wood What a joy this is I love the epic quest ness of it the wry humour total graft risk taking and downright scariness of Callum's bold adventure Utterly life affirming MEL GIEDROYC A delightful book about the art of craft a hard carved woodworking romance written with tenderness and an almost sensual attention to detail I can smell the resin and the soft fresh sawdust I can feel the bite of dense grain beneath the blade Quite magical CAL FLYN author of Islands of Abandonment Ingrained is a love letter to trees timber and craftsmanship and to finding your own voice The eldest son of a Master Woodworker Callum Robinson spent his childhood surrounded by wood and trees absorbing craft lessons in his father's workshop playing amongst the sycamore oak and Scots pine that bordered his home In time he became his father's apprentice helping to create exquisite bespoke objects But eventually the need to find his own path led him to establish his own workshop to chase ever bigger and more commercial projects to business meetings bright lights and bureaucracy to lose touch with his roots Until the devastating loss of one major job threatened to bring it all crashing down Faced with the end of his business his team and everything he had worked so hard to build he was forced to question what mattered most Blending memoir and nature writing at its finest Ingrained is an uplifting meditation on the joys and challenges of working with your hands in our modern age on inheritance community and the beauty of the natural world

Stakeholders Mark Englizian, 2025-07-29 People in business ecosystem are more in number and diverse in perspective

discussed in business school or written about than often understood It is foolhardy to believe that a senior leader can ignore or work around these people who possess power and influence over the business and the enterprise It is up to supervisors managers executives and independent directors to set priorities and make valuebased decisions that constructively benefit all stakeholder groups invested in their business When asked about their experiences on the people side of business most businesspersons respond from their experiences with the human resources department In contrast this book advances the idea of people in business as more than simply a focus on employees Leaders with a holistic view realize the existence of eight major stakeholder groups diverse in makeup and ready to advocate for their own interests While its story is at first quite intimidating laying out the competing agendas of stakeholders and the potential chaos that might ensue this book will not leave the reader hanging it serves up new and proprietary principles never published before that equip business leaders to survive and thrive *Anglicisms around the Globe* Henrik Gottlieb, Anabella-Gloria Niculescu-Gorpin, Alicja

Witalisz, Keisuke Imamura, Jaime W. Hunt, 2025-11-14 This collection explores the global impact of English through fact based and contrastive analyses of different types of Anglicisms across a wide range of languages This volume showcases the ways in which contact induced language change operates across several different languages simultaneously This approach allows for an examination of similarities and differences in the adaptation processes of English models in languages with differing phonetic morphological syntactic and writing systems Drawing on data from the Global Anglicism Database GLAD the first multilingual repository featuring lexical and phraseological Anglicisms chapters look not only at visible Anglicisms such as augmented reality or easy listening which reflect their English origin but also at invisible Anglicisms cases in which English expressions are translated verbatim and cases when words in a recipient language change their meaning due to English influence This volume offers a multi layered perspective on how Anglicisms develop and blend into different languages and readers are presented with a nuanced understanding of contact induced language change This book will appeal to students and scholars interested in language contact World Englishes language policy and planning bilingualism and lexicography

Automation Is a Myth Luke Munn, 2022-04-05 For some automation will usher in a labor free utopia for others it signals a disastrous age to come Yet whether seen as dream or nightmare automation argues Munn is ultimately a fable that rests on a set of triple fictions There is the myth of full autonomy claiming that machines will take over production and supplant humans But far from being self acting technical solutions are piecemeal their support and maintenance reveals the immense human labor behind autonomous processes There is the myth of universal automation with technologies framed as a desituated force sweeping the globe But this fiction ignores the social cultural and geographical forces that shape technologies at a local level And there is the myth of automating everyone the generic figure of the human at the heart of automation claims But labor is socially stratified and so automation s fallout will be highly uneven falling heavier on some immigrants people of color women than others Munn moves from machine minders in China to warehouse pickers in the

United States to explore the ways that new technologies do and don't reconfigure labor. Combining this rich array of human stories with insights from media and cultural studies, Munn points to a more nuanced, localized and racialized understanding of the future of work. *From Data To Profit* Vin Vashishta, 2023-05-31 Transform your company's AI and data frameworks to unlock the true power of disruptive new tech. In *From Data to Profit: How Businesses Leverage Data to Grow Their Top and Bottom Lines*, accomplished entrepreneur and AI strategist Vineet Vashishta delivers an engaging and insightful new take on making the most of data, artificial intelligence and technology at your company. You'll learn to change the culture, strategy, structure and operational framework of your company to take full advantage of disruptive advances in tech. The author explores fascinating work being undertaken by firms in the real world as well as high value use cases and innovative projects and products made possible by realigning organizational frameworks using the capabilities of new technologies. He explains how to get everyone in your company on the same page following a single framework in a way that ensures individual departments get what they want and need. You'll learn to outline a comprehensive technical vision and purpose that respects departmental autonomy over their core competencies while guaranteeing that they all get the tools they need to make technology their partner. You'll also discover why firms that have adopted a holistic strategy toward AI and data have enjoyed results far beyond those experienced by those that have taken a piecemeal approach. *From Data to Profit* demonstrates the proper role of the CEO during an intensive transformation, one of maintaining culture during the change. It offers advice for organizational change including the 3 Phase Data Organizational Development Framework, the Core-Rim 3 Main People Groups Framework and the way to implement new roles for a Chief Digital Officer and Technical Strategist. Perfect for data professionals, data organizational leaders and data product and process owners, *From Data to Profit* will also benefit executives, managers and other business leaders seeking hands-on advice for digital transformation at their firms.

Business Result 2E Pre-intermediate Student's Book Kate Baade, Michael Duckworth, 2020-07-28 *Business Result* Second Edition offers business professionals more communication and language practice than ever before, helping students develop relevant communication skills they can use immediately in the workplace. Great downloadable resources to support you when using *Business Result* Second Edition can be found at <https://elt.oup.com/student/busresult>. E-Logistics Yingli Wang, Stephen Pettit, 2021-09-03 *E-Logistics* serves as the nerve system for the whole supply chain and enables smooth information flow within and between organizations. This new and updated edition provides the latest and most comprehensive coverage on digitalization in logistics and supply chain. It covers all transport modes and the role of ICT in supporting an integrated freight and supply chain network. *E-Logistics* provides a cross-academic and industry perspective with leading academics and practitioners as contributing authors. A variety of successful e-logistics business approaches are discussed, covering a range of commercial sectors and transport modes. Subsequent chapters address in depth support systems for B2C and B2B e-commerce and e-fulfilment, warehouse management, RFID, electronic marketplaces, global supply network visibility.

and service chain automation Industry case studies are used to support the discussion The new edition also covers emerging technologies such as AI machine learning and autonomous vehicles Internet of Things Robotics drone and last mile deliveries

Lincoln and the Court Brian McGinty,2009-07-01 This meticulously researched and engagingly written narrative rescues the story of Abraham Lincoln and the Supreme Court from long and undeserved neglect recounting the compelling history of the Civil War president s relations with the nation s highest tribunal and the role it played in resolving the agonizing issues raised by the conflict *The Eastern Reporter* ,1886

Black Friday Same Day Delivery: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have charmed audiences this year. Black Friday Same Day Delivery : Colleen Hoover "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Black Friday Same Day Delivery : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
