**Malignant** Vinayak K. Prasad, 2020-04-21 How hype money and bias can mislead the public into thinking that many worthless or unproven treatments are effective Each week people read about new and exciting cancer

drugs Some of these drugs are truly transformative offering major improvements in how long patients live or how they feel but what is often missing from the popular narrative is that far too often these new drugs have marginal or minimal benefits Some are even harmful In Malignant hematologist oncologist Dr Vinayak K Prasad writes about the many sobering examples of how patients are too often failed by cancer policy and by how oncology is practiced Throughout this work Prasad illuminates deceptive practices which promote novel cancer therapies long before credible data are available to support such treatment and exaggerate the potential benefits of new therapies many of which cost thousands and in some cases hundreds of thousands of dollars Prasad then critiques the financial conflicts of interest that pervade the oncology field the pharmaceutical industry and the US Food and Drug administration This is a book about how the actions of human beings our policies our standards of evidence and our drug regulation incentivize the pursuit of marginal or unproven therapies at lofty and unsustainable prices Prasad takes us through how cancer trials are conducted how drugs come to market and how pricing decisions are made asking how we can ensure that more cancer drugs deliver both greater benefit and a lower price Ultimately Prasad says more cancer clinical trials should measure outcomes that actually matter to people with cancer patients on those trials should look more like actual global citizens we need drug regulators to raise not perpetually lower the bar for approval and we need unbiased patient advocates and experts This well written opinionated and engaging book explains what we can do differently to make serious and sustained progress against cancer and how we can avoid repeating the policy and practice mistakes of the past      The Only Three Questions That Still Count Ken Fisher, Lara W.
