A Conservative Christian Reviews the Greatest Movies Ever Made George McManus, 2003-07 *The Encyclopedia of Best Films* Jay Robert Nash, 2019-10-23 This all inclusive A Z encyclopedia by one of the world's foremost experts on cinema provides comprehensive annotations of the best films produced from 1914 on. The work offers more than 5 000 three to five star entries: three stars good, four stars excellent, five stars masterpiece, and yes, author Jay Robert Nash has viewed every single one of them as well as many more that did not make the cut. In addition to a precis, each film's entry also includes a listing of the cast as well as the key principles involved in production from the director to the hair stylist. Especially unique to this book is a rating system that helps parents determine whether or not a film is appropriate for their children. Unlike the industry rating system which can be influenced by studio lobbying, Nash objectively evaluates each film and confers upon it one of four recommendations for viewing: recommended, acceptable, cautionary, and unacceptable. Backmatter includes a list of top films by genre: i.e. animated, drama, sports, mystery, adventure, etc. as well as an annotated name index listing all persons mentioned along with their dates of birth and death. Rounding out this essential volume for the film buff are over 500 still photos from the author's private collection. **Focus On: 100 Most Popular Spanish-language Films** Wikipedia contributors, **The Greatest Movies Ever** Gail Kinn, Jim Piazza, 2008 The arts **The 100 Greatest Superhero Films and TV Shows** Zachary Ingle, David M. Sutera, 2022-02-15 A fascinating exploration of the most significant superhero films and television shows in history from the classic serial *Adventures of Captain Marvel* to the Disney hit show *WandaVision*. In *The 100 Greatest Superhero Films and TV Shows*, Zachary Ingle and David M. Sutera celebrate over eighty years of superhero cinema and television. Featuring blockbusters such as *Black Panther* and *The Dark Knight*, Ingle and Sutera also include lesser known yet critically acclaimed shows like *The Boys*, cult films such as *The Toxic Avenger*, and foreign series like *Astro Boy* to provide a well rounded perspective of the genre. All one hundred selections are evaluated based on qualities such as plot and character development, adherence to the original source materials, technological innovations, and social impact. The entries cover both live action and animated films and TV series, and almost a third of the entries are not associated with Marvel or DC, a testament to the genre's variety in its eighty year history. *The 100 Greatest Superhero Films and TV Shows* includes an analysis of the superhero's evolution and its relevance to the feminist movement, auteur theory, convergence, culture, critical race theory, and more. Featuring more than 80 photographs alongside the authors' selections, the diverse entries are sure to inspire debate and entertain all fans of superhero movies and television shows. **Movie Greats** Philip Gillett, 2008-09-01 Why are some films regarded as classics worthy of entry into the canon of film history?
