Comeback Pitchers Lyle Spatz,Steve Steinberg,2021-04 2022 SABR Baseball Research Award Finalist for the 2022 SABR Seymour Medal The careers of pitchers Jack Quinn and Howard Ehmke began in the Deadball Era and peaked in the 1920s They were teammates for many years with both the cellar dwelling Boston Red Sox and later with the world champion Philadelphia Athletics managed by Connie Mack As far back as 1912 when he was just twenty nine Quinn was told he was too old to play and on the downward side of his career Because of his determination work ethic outlook on life and physical conditioning however he continued to excel In his midthirties then his late thirties and even into his forties he overcame the naysayers At age forty six he became the oldest pitcher to start a World Series game When Quinn finally retired in 1933 at fifty the Methuselah of the Mound owned numerous longevity records some of which he holds to this day Ehmke meanwhile battled arm trouble and poor health through much of his career Like Quinn he was dismissed by the experts and from many teams only to return and excel He overcame his physical problems by developing new pitches and

pitching motions and capped his career with a stunning performance in Game One of the 1929 World Series against the Chicago Cubs which still ranks among baseball's most memorable games. Connie Mack described it as his greatest day in baseball. Comeback Pitchers is the inspirational story of these two great pitchers with intertwining careers who were repeatedly considered washed up and too old but kept defying the odds and thrilling fans long after most pitchers would have retired.

Stadium City Helen Morgan Parmett, 2025-09-23 A new sports stadium has an outsized impact on a city's landscape and image of itself. Each stadium also plays a central role in media institutions, technologies, and culture as a catalyst for urban change and flashy neighborhood anchor, cornerstone of regional identity, and purveyor of multimedia experiences. Helen Morgan Parmett analyzes sports stadiums in Atlanta, Seattle, and Minneapolis to demonstrate the role that media institutions, technologies, and culture play in sports and examine their impact on the urban landscape. These interconnected factors impact struggles over city space, identity, and urban governing. As Morgan Parmett shows, stadiums exist as more than just buildings and sporting places; they are central nodes in the city that connect, disconnect, and distribute resources, people, information, and ultimately power. Morgan Parmett demonstrates how the sportification of place is influenced by the specific histories, geography, and sporting cultures of a city while explaining their relationship to broader forces at work in media, sport, and urbanism. Original and incisive, *Stadium City* offers a beyond-the-playing-field analysis of sports stadiums and their impact on our cities and our lives.
