Blades of Grass in the Desert Jan Morgan, 2022-07-18 Several years have passed since the old plantation style mansion at 1324 Blessing Path was lovingly restored but the mysterious old place is apparently still calling the shots. Years ago when it was discovered that the house had supernatural tendencies two retired ladies set out on a quest to determine its history. Tracing its lineage from central Texas to Charleston South Carolina they uncovered a love story worthy of comparison to Gone with the Wind and eventually realized that there were plans for the structure that had been set in place as far back as 1950. This time however events lead one of the ladies not to the east coast but to the deserts of west Texas where she befriends a beautiful young woman from Guatemala. Wondering whether their meeting was serendipitous Jamie returns to Sweet Grass Memories the name given the House and shares a handwritten letter with Ms G that the young woman gave her the last time they spoke. The letter together with a photograph of a lone boat on the shore of the Rio Grande lead the two of them Reid Tracy and the kids of the House on another adventure one that rivals any television docudrama. The story winds its way from the dry blowing sand of west Texas into Mexico and finally returns to the estuaries and humidity of Charleston South Carolina and its indomitable Gullah people. People whose ancestors endured like blades of grass pushing through concrete endured and sang songs about faith and hope as they journeyed toward freedom. Just like the Gullah peoples during the slave era today many others endure. Walking or riding northward through deserts they journey toward a different kind of freedom freedom from devastating drought and hunger and freedom to live again in places that are absent the perils associated with trying to survive where malevolence thrives.

Whisper Down the Lane Clay McLeod Chapman,2021-04-06 A diabolically creepy hybrid of horror and psychological suspense that thrills as much as it unsettles Riley Sager New York Times best selling author of Home Before Dark A pulse pounding true crime based horror novel inspired by the McMartin preschool trial and Satanic Panic of the 80s Richard doesn't have a past For him there is only the present a new marriage a first chance at fatherhood and a quiet life as an art teacher in Virginia Then the body of a ritualistically murdered rabbit appears on his school's playground along with a birthday card for him But Richard hasn't celebrated his birthday since he was known as Sean In the 1980s Sean was five years old when his mother unwittingly led him to tell a lie about his teacher When school administrators cops and therapists questioned him he told another And another And another Each was more outlandish than the last and fueled a moral panic that engulfed the nation and destroyed the lives of everyone around him Now thirty years later someone is here to tell Richard that they know what Sean did But who would even know that these two are one and the same Whisper Down the Lane is a tense and compulsively readable exploration of a world primed by paranoia to believe the unbelievable **US Fractured** Dr. Shila Patel, M.D.,2022-12-10 AMERICA WAKE UP We may be on the verge of a civil war or World War III Take off your blinders and examine how we are losing our freedoms and democracy US Fractured is an in depth study of the sociological events political uprisings Supreme Court rulings economic failures and conflicts that are continuing to affect the lives of all Americans both young and old What corrective action can citizens take Today in 2022 we face terrorist attacks on our democracy from American citizens in our country In the aftermath of the January 6th insurrection on our Capitol former President Trump conservative far right extremists groups like the Proud Boys the Oathkeepers white nationalists and Trump pandering politicians continue to spread lies conspiracy theories and divisive messages of a stolen presidential election destroying the basic tenets of our democracy After all of his outrageous abuses of power he continues to be free to hold rallies around the country threatening our national institutions and their laws Since his election defeat Trump encouraged his supporters to attack other elected officials around the country who do not support him in his quest to maintain power over the American electorate One seriously questions whether the U S Department of Justice will bring Trump to justice for tearing down the fabric of democracy in the United States Putin's war in Ukraine has had a devastating effect on world economy and causing major inflation not only in the United States but also in many countries around the world Instead of recovering from the Covid 19 pandemic we are now having to suffer war time effects We need to learn from history I wrote my first book US Unhinged to jolt us out of complacency and lead to personal transformation This book US Fractured is even more critical Our way of life in America and our democracy is in jeopardy On January 6th no one could believe the events that were transpiring in Washington nor could the countries worldwide believe that anarchy existed in America Yet one man

Trump wielded power due to his failed election attempt to stir up anger and resentment by his supporters to stop the electoral process and certify the presidential election results. Instead of Republican and Democratic politicians working together to solve national issues, they continue to waste time threatening one another. The economic and sociological problems in this country are enormous. Our roads and bridges require extensive repairs. The effects of climate change are destroying thousands of acres by fire and flooding our cities, towns, farmlands, and coastlines throughout America. Covid 19 safety measures and continued research are necessary for the safety of all citizens. Gun regulations and mental health issues of young people require our immediate attention. State governments must restore women's abortion rights. Sensible immigration laws need to be established, and lack of labor force must be addressed. Deadlock and procrastination by politicians only prolong the devastating effects on our society. All Americans should practice due diligence to uncover the facts by researching multiple sources of information and listening to diverse opinions. This book has numerous reference sources in the endnotes which readers can access to clarify the information. I firmly believe that most Americans care deeply about the welfare of this country but are frustrated with the dysfunction in Washington, loss of freedom, and politicians pandering to their party supporters. If we are to survive as a freedom-loving nation leading the world in democracy, tolerance, and climate change issues to preserve the planet for future generations, we will all have to do our part. Expecting someone else to hold the gauntlet is absolving your responsibility.
