Crafting Contemporary Documentaries and Docuseries for Global Screens Phoebe Hart,2024-01-08 This book explores the industrial and personal challenges faced by filmmakers in bringing the current worldwide craze for documentary films and series to screens small and large Utilizing a number of case studies drawn from in depth interviews with acclaimed documentary directors producers and screenwriters from around the world Phoebe Hart offers a thematic analysis to reveal the risks and opportunities for practitioners Hart examines these themes in the context of current scholarship to provide insight into the modes and methods of making factual screen content as she engages with the documentary form and the marking of it acquisition of mastery and inspiration and specific rituals and habits of practice From the unique vantage point of being a pracademic that is being both a successful documentary filmmaker and a recognized screen researcher and teacher Hart ultimately argues for greater support of filmmakers and pursuit of a deeper understanding of creative processes

Media Libraries in an Age of Unending Consumption Mike Van Esler,2023-10-24 As the home video market upended traditional film industry models media libraries emerged as important sources of ancillary revenue The inflection point for media library exploitation came in 2007 when Netflix launched its streaming service relying on extensive licensing of film and television libraries to grow its subscriber base In this book Mike Van Esler examines how media libraries and business models have evolved since the home video era with particular emphasis placed on the streaming age of the past fifteen years Van Esler argues that media libraries have grown beyond their usages from the pre home video era to become central to today s corporate media strategy By studying the ways in which media library exploitation has scaled up since the turn of the new millennium the author identifies insights into larger media industry trends Ultimately this book explores the intersection of corporate media independent distributors private equity tech companies and audiences Scholars of media studies business and sociology will find this book of particular interest

advanced undergraduate and postgraduate Marketing and Customer Experience students and an excellent teaching resource. It should also be of great use to practitioners particularly those studying for professional qualifications who are interested in learning experiential marketing strategies and developing knowledge about the way big brands in different sectors are designing the customer experience online and offline. Online material includes lecture slides, a test bank of questions, an instructor's manual, and explanatory videos.

Reasserting the Disney Brand in the Streaming Era Robert Alan Brooke, Jason Phillips, Timothy Pollard, 2023-04-07. *Reasserting the Disney Brand in the Streaming Era* investigates the evolution of the Disney brand at a pivotal moment: the move from content creation to acquisition and streaming, and how the company reasserted its brand in a changing marketplace. Exploring how Disney's acquisition of Pixar, Marvel, Lucasfilm, and Fox positioned the company to launch the Disney streaming service, the chapters look at the history of those acquisitions and the deployment of the content brands and intellectual property from those acquisitions through an analysis of the original content that appeared on Disney. Offering a focused investigation of how the content offered from these various media brands was adapted for Disney so that it reflects the Disney brand, the authors illustrate through close textual analysis how this content reflects elements of the Classic Disney Style. The analysis positions these texts in relation to their industrial contexts while also identifying important touchstone texts both television and film in Disney's catalog. This comprehensive and thoughtful analysis will interest upper-level students and scholars of media studies, political economy, Disney studies, media industries, and new technology.

Streampunks Robert Kyncl, Maany Peyvan, 2017-09-05. An entertainment and tech insider, YouTube's chief business officer, delivers the first detailed account of the rise of YouTube, the creative minds who have capitalized on it to become pop culture stars, and how streaming video is revolutionizing the media world. In the past ten years, the internet video platform YouTube has changed media and entertainment as profoundly as the invention of film, radio, and television did more than six decades earlier. *Streampunks* is a firsthand account of this upstart company, examining how it evolved and where it will take us next. Sharing behind-the-scenes stories of YouTube's most influential stars, *Streampunks* like Tyler Oakley, Lilly Singh, and Casey Neistat, and the dealmakers brokering the future of entertainment like Scooter Braun and Shane Smith. Robert Kyncl uses his experiences at three of the most innovative media companies: HBO, Netflix, and YouTube to tell the story of streaming video and this modern pop culture juggernaut. Collaborating with Google speechwriter Maany Peyvan, Kyncl explains how the new rules of entertainment are being written and how and why the media landscape is radically changing while giving aspiring *Streampunks* some necessary advice to launch their own new media careers. Kyncl persuasively argues that despite concerns about technology impoverishing artists or undermining artistic quality, the new media revolution is actually fueling a creative boom and leading to more compelling, diverse, and immersive content. Enlightening, surprising, and thoroughly entertaining, *Streampunks* is a revelatory ride through the new media rebellion that is reshaping our world.
