An easy to read style spares the students the impenetrable prose of other business law texts. Liberal use of flowcharts diagrams charts briefed cases and samples of legal instruments helps students learn. Cases are followed by insightful commentaries of sometimes controversial topics and present and analyze the actual political economic social and ethical forces that caused the conflict. A new co author Robert J Aalberts has been added for the fourth edition. The revision has more chapter problems and 67 new cases. The chapter on bailments which had been removed in the previous edition has been returned to Part V on property.
