statistical toolbox featuring DPAR Defense adjusted Points Above Replacement and more **Last Team Standing** Matthew Algeo, 2013-09-01 During World War II the National Football League faced a crisis unimaginable today a shortage of players By 1943 so many players were in the armed forces that the league was forced to fold one team and merge two others the Pittsburgh Steelers and the Philadelphia Eagles the Steagles Its roster that included military draft rejects aging stars lured out of retirement and even a couple of active servicemen who managed to get leave for the games The team's center was deaf in one ear its wide receiver was blind in one eye and its halfback had bleeding ulcers One player was so old he'd never played football with a helmet Yet somehow this motley bunch managed to post a winning record the first for the Eagles and just the second for the Steelers But Last Team Standing isn't just about football It's also about life in the United States during World War II a time of fear and hope of sacrifice and momentous change It's about rationing racism and Rosie the Riveter It's about draft boards bond drives and movie stars Above all it's about the men and women of the Greatest Generation who couldn't fight but helped win the war in immeasurable ways **The Greatest Football Players of All Time**

4th and Fixed Reggie Rivers, 2004 Fix a Super Bowl I never thought it possible but 4th and Fixed is so chock full of NFL skinny that it sweeps you along from the field to the front office and makes you believe Frank Deford **Learn to lead yourself, your people and your organization for great results**, 2023-12-20 Putting people first has always been the basis of our success We believe that if we take care of our employees they will take care of our customers and the business will take care of itself Even after the 9/11 terrorist attacks in New York where we went from an occupancy rate of 75 to 5% overnight where our hotels were empty of guests but full of staff putting people first was the our priority Instead of suffering massive layoffs we implemented education programs maintained health benefits and did everything we could to get through the crisis with minimal negative impact on our people In a business like ours and I believe in any other sector we simply cannot be successful unless people are truly committed and happy in their work It is our commitment to create an environment where the unique contributions of our people are valued I believe the fact that Marriott is consistently considered an employer of choice is the result of these efforts Promoting a people first culture starts with leadership Leaders must model the way They must act interact and engage with the people they lead in a way that makes people feel seen heard and valued In *The Mind of the Leader* Rasmus Hougaard and Jacqueline Carter provide a clear path to creating people first organizations It requires leaders to be human first to be mindful selfless and compassionate and in doing so develop the

qualities that enable engagement fulfillment and meaning which leads to greater business success If we as leaders are attentive we will know better what really matters to our people We are more present attentive and curious It s not always easy but I know the difference between being present with my people and when I m not I only have an impact when I am If we as leaders are selfless taking into account the bigger picture rather than our own selfish needs we will model cultures of growth and learning Bill Marriott our executive chairman even now in his eighties always has his ear open He is always seeking the perspective of others rather than blindly following his own beliefs and ideas If we as leaders are compassionate our people will know we are protected As this book clearly describes compassion is not soft and sentimental It is concrete and practical It s about doing the right thing like putting a doctor on staff during the Depression Again if we truly care about our employees they will truly care for our customers and the business will truly care for itself In many ways the principles in this book run counter to the number of businesses run It inspires me and provides insights to further evolve our culture and put people first And I believe that all leaders and other organizations will benefit greatly from its messages **Last Pen**
