Select Committee on Small Business,1966 *Activities of Regulatory and Enforcement Agencies Relating to Small Business* United States. Congress. House. Select Committee on Small Business,1966

The Four-Day Workweek Robert Grosse,2018-05-16 This provocative book makes a compelling case for reducing the number of workdays in a week to four Globalization has brought with it fiercer competition and greater worker mobility and as organizations compete for top talent they are becoming more open to unconventional worker arrangements such as remote working and flextime International business expert Robert Grosse draws on scholarly research to construct an appealing argument for why the four day workweek benefits both the organization and the employee Research has demonstrated that longer work hours harm the individual and don t amount to a more effective organization which begs the question then why do it The book goes beyond merely arguing that a reduced workweek is a good idea It delves into why explores the means for achieving it and scrutinizes the barriers to getting there This is a book for forward thinking executives leaders and academics who understand that work life balance is the secret sauce not only for organizational success but also for greater productivity and satisfaction in their careers and those of the people they manage
