compilation of Premyogi vajra's blog posts that he has created for demystifyingkundalini.com Premyogi vajra is a self-aware and mysterious person. With his Kundalini awakening, there was a flood of high mentality in his brain. Impressed by that, he created many books and the above website. Regarding his experiences related to book publishing and website making, he made them known as his blog posts. A separate chapter has been created for each article. Readers will surely find this e-book interesting, informative, and comfortable to read. Knowledge sharing is a fundamental tool to grow a society. Experience gained without subsequent sharing is of little value. It remains confined to a single man and gets perished with him. Therefore, to be able to properly and easily share one's experiences, one must know at least basics of self-publishing and website creation for these are basic modern tools of sharing knowledge. Writer had to deal with a great deal of hassle while learning self-publishing and website creation. He took many years to learn their basic tips so that people do not get suffered like himself. He compiled all tips he got while learning these in form of this book. Hope that people will find this book brief, practical, and easy. Friends, if the art of sharing experiences with everyone is not learned, then those experiences would not have special significance. Those experiences remain confined to that single man and perish with him. In today's times, websites and e-books are the most important means of sharing experiences. Therefore, it is important for everyone to have basic knowledge of website creation and self-publication. This book serves very well the same purpose of achieving this goal.

talking about eternal truths of faith and Quran and they were having such qualities which were having much more different than a work presented with the individual proficiency and capability of a person Therefore the beauty and the excellence of these truths must have been reflected in our word as well For sure we were pursuing an immensely difficult and tedious effort sometimes it was taking 3 5 hour to complete 1 2 pages of explanatory notes We were spending an equal amount of time for footnotes and the glossary of concepts But the feeling of joy happiness and spiritual satisfaction were exceedingly worth this effort At this stage we realized and felt the reason behind Bedi zzaman s saying I am also a student of Risale i Nur I am your classmate in learning the Teachings of Quran I am also in need of Risale i Nur And we understood that he was not trying to be humble while saying this Although we had an humble purpose of conducting to a higher level of our comprehension than the reader could get on his or her own we achieved better results than our expectations All praise is due to Allah so we praise him In deed our share is only that of praising Now if you look at our personality you may not see much value This is normal because neither could we see any What we see is just this our weakness in our distressed search our needs our sincere wishes and our actual prayers prayers supported with actions As a requirement of being a human we wanted to share what we had found and felt with those who had the same needs and who were in the same search This is what we mean when we say that we are not like a teacher who makes you sit before her and starts teaching you Maybe rather we are like a guest who himself is entreated a dining table as he is as hungry and needy as everybody and he is sincerely inviting you to this dining table Or maybe we are like a curious kid who has found the key of a magnificent and inexhaustible treasure and who wants to inform others of its existence and share it with them
