time and the user needs to watch each frame before editing In this paper we have developed a program about AI intelligence The most important point of this software is that it can automatically focus the face of a person and edit only selected clips of the person to make a complete video Users only need to prepare the video they want to edit and a photo of the main character Then upload both to the software and AI Intelligence will automatically edit it providing the user with a way to download and save it after editing the main character they need we applied our application to an example video using the Marvel character Hawkeye as he appears in End Game and tried many experiments with the clip eventually we tried many experiments with the clip and finally got a video of our selected character The results show that this software saves the user a lot of time and is highly efficient All operations are carried out by AI *Network Magazine* ,2000 National Library of Medicine programs and services. 1991 ,1972 **Macworld** ,1997 **Mecklermedia's Official Internet World** **World Wide Web Yellow Pages** Marshall Breeding,1996 A comprehensive guide to more than 5 000 World Wide Web sites More than a tour guide this book contains complete descriptions of more than 500 Web sites in more than 30 major subject areas Compiled by the experts at Mecklemedia publisher of Internet World The CD includes a hypertext version of the book Simply click your way to finding out more about WWW sites *US-China Review* ,2006
