Distribution Data Guide ,1960 [International Business](#) John S. Hill,2009 Reflecting a strong managerial orientation a corporate emphasis and a true global local focus International Business Managing Globalization explains the whats and whys of global differences as it covers industries competitors regions and markets from the perspectives of practicing managers Author John S Hill reviews the geographic and historic backgrounds of regions and markets in a way that no other text has done with special focus on global supply chains global branding and world religions as they affect management at the local level It integrates business topics and environmental analysis into a strategic global local framework It places current events in focus by covering history and geography as they affect international business It includes a unique chapter on global industry and competitor analysis a common business tool but a topic not covered in other texts It covers religion as a key determiner of behaviors worldwide to help readers understand why behaviors differ depending on the local context It focuses on corporate analysis planning and internationalization vital corporate practices rarely covered in other textbooks It includes short cases for undergraduates and longer cases for graduate students International Business Managing Globalization is ideal for the introduction to business course or for courses focusing on international or global business strategy [How Japanese and Japanese-Americans Brought Soyfoods to the United States and the Hawaiian Islands--A History \(1851-2011\)](#)

William Shurtleff,Akiko Aoyagi,2011 **Launch! Advertising and Promotion in Real Time** Michael Solomon,2009

Launch Advertising and Promotion is written for advertising and promotion courses taught to students in the business school and journalism mass communication students This textbook is the first of its kind to teach advertising concepts by reverse engineering a real advertising campaign from beginning to end In April 2007 SS K an innovative New York City communications agency launched the first ever branding campaign for msnbc com with the tag A Fuller Spectrum of News Launch follows that campaign from initial agency pitch through roll out of print and media assets to post campaign analysis Throughout it exposes readers to the theory and concepts of advertising and promotion and the personalities and decisions that drove this campaign The book takes a rare look behind the curtain even letting you see some of the paths not chosen by the agency and client Students get a realistic sense of how theory plays out in practice and get a flavor for the exciting field of advertising and promotion And they consistently learn the perspectives of both the advertising agency where many journalism and communications students will work and the client where many marketing majors will work This is a unique book with a unique perspective by a unique author team and you won t find this kind of insight in any other text on the market We think you re going to love it This textbook has been used in classes at Ball State University Emerson College
