Venmo Update:

Social Media Cultures Dhiraj Murthy, 2024-12-15 In *Social Media Cultures* Dhiraj Murthy provides a theoretically grounded historical exploration of the social media landscape. Uniquely tracing the evolution of social media from traditional media like letters, postcards, and the telephone to new media and platforms, Murthy argues that these contemporary phenomena are not divorced from their analog antecedents. The historical and theoretical frameworks employed in this book allow readers to better understand the intricacies of nuanced modern dynamics like cancel culture, self-expression, and celebrity influence. Focusing on mobility, political discourse, and the power of witnessing from global perspectives, Murthy uses empirical case studies from both the Global South and North to demonstrate the profound impact of social media on culture, politics, and everyday life. Ultimately, Murthy encourages readers to reflect on their roles within the broader social media ecosystem and to consider the far-reaching consequences of social media engagement on a global scale. Scholars of communication, media studies, social media, and sociology will find this book of particular interest.

The Metaverse

Matthew Ball, 2024-07-23 From the leading theorist of the Metaverse comes the eagerly anticipated revised and updated account of the next internet: what the Metaverse is, what it will take to build it, and what it means for all of us. A Hudson Booksellers Amazon Guardian Financial Times Economist and ByteDance Toutiao Best Book of the Year. In this substantially revised and updated edition of his internationally best-selling book, pioneering theorist and entrepreneur Matthew Ball goes beyond the hype cycle to present a definitive account of the future of the internet. The Metaverse, according to Ball's industry-shaping definition, is a persistent and interconnected network of 3D virtual worlds that will eventually serve as the gateway to most online experiences and underpin much of the physical world. As Ball recounts, the Metaverse is a thirty-year-old term, and the core ideas and technologies behind it have been in development for nearly a century. Only recently, however, did this fantastical concept begin to leap from the pages of science fiction and the depths of national research labs to the forefront of consumer technology, industrial engineering, healthcare, education, dating, and more. From the history of video games and virtual reality to proto-metaverses such as Second Life, Fortnite, and Roblox, to Generative AI and the groundbreaking films and television series of the Walt Disney Company, Ball points out that the Metaverse is already emerging around us and doesn't require a headset. Still, there are many breakthroughs required to fully realize the Metaverse, and he describes each in approachable but expert detail. Ball also lays out how governmental policy, the philosophy of Big Tech leaders, artificial general intelligence, economics, and human rights will shape the development of the Metaverse. Famous for his ability to bring clarity to complex and misunderstood topics, Ball demonstrates that the race to build the Metaverse, also known as the spatial or immersive internet, is only accelerating. The Metaverse will endure as an indispensable guide for enthusiasts, tech aficionados, and anyone curious about the profound transformations underway in our increasingly interconnected world.

Communication Technology Update and Fundamentals August E. Grant, Jennifer Meadows, 2020-06-04

Communication Technology Update and Fundamentals now in its 17th edition has set the standard as the single best resource for students and professionals looking to brush up on how communication technologies have developed grown and converged as well as what s in store for the future The book covers the fundamentals of communication technology in five chapters that explain the communication technology ecosystem its history theories structure and regulations Each chapter is written by experts who each provide a snapshot of an individual field The book also dives into the latest developments in electronic mass media computers consumer electronics networking and telephony Together these updates provide a broad overview of these industries and examine the role communication technologies play in our everyday lives In addition to substantial updates to each chapter the 17th edition includes the first ever chapter on Artificial Intelligence updated user data in every chapter an overview of industry structure including recent and proposed mergers and acquisitions and sidebars exploring sustainability and relevance of each technology to Gen Z Communication Technology Update and Fundamentals continues to be the industry leading resource for both students and professionals seeking to understand how communication technologies have developed and where they are headed

Fintech Wars James da Costa,2024-10-03 Fintech touches every part of our lives from cashless economies to crypto and even our climate This book draws back the curtain on this fascinating world full of friction failure and fortune Fintech Wars delves into one of the world s most lucrative and fast growing sectors Witness the bold strategies groundbreaking innovations and relentless drive that propelled fintech unicorns like PayPal Nubank and Monzo to transform the world Featuring interviews with generational founders including Reid Hoffman LinkedIn Nigel Morris Capital One and Martha Lane Fox Lastminute com the narrators of this book have built companies that represent over one trillion dollars in market capitalization As the founder of a digital bank James da Costa is a fintech insider He draws upon his network and first hand experiences to offer a fascinating look into the intricacies and motivations behind building billion dollar disruptors Step into the fascinating unpredictable and inspiring world of fintech

Moby Dyke Krista Burton,2024-06-04 A former Rookie contributor and creator of the popular blog Effing Dykes investigates the disappearance of America s lesbian bars by visiting the last few in existence Lesbian bars have always been treasured safe spaces for their customers providing not only a good time but a shelter from societal alienation and outright persecution In 1987 there were 206 of them in America Today only a couple dozen remain How and why did this happen What has been lost or possibly gained by such a decline What transpires when marginalized communities become more accepted and mainstream In Moby Dyke Krista Burton attempts to answer these questions firsthand venturing on an epic cross country pilgrimage to the last few remaining dyke bars Her pilgrimage includes taking in her first drag show since the onset of the pandemic at The Back Door in Bloomington Indiana competing in dildo races at Houston s Pearl Bar and despite her deep seated hatred of karaoke joining a group serenade at Nashville s Lipstick Lounge and enjoying the dreaded pastime for the first time in her life While Burton sets out on the excursion to assess the current state of lesbian bars she also winds

up examining her own personal journey from coming out to her Mormon parents to recently marrying her husband a trans man whose presence on the trip underscores the important conversation about who precisely is welcome in certain queer spaces and how they and their occupants continue to evolve Moby Dyke is an insightful and hilarious travelogue that celebrates the kind of community that can only be found in windowless rooms soundtracked by Britney Spears heavy playlists and illuminated by overhead holiday lights no matter the time of year

Sex Work on Campus Terah J. Stewart, 2022-05-17 Sex Work On Campus examines the experiences of college students engaged in sex work and sparks dialogue about the ways educators might develop a deeper appreciation for and praxis of equity and justice on campus Analyzing a study conducted with seven college student sex workers the book focuses on sex work histories student motivations and how power or lack thereof associated with social identity shape experiences of student sex work It examines what these students learn because of sex work and what college and university leaders can do to support them These findings are combined in tandem with analysis of current research popular culture sex work rights movements and exploration of legal contexts This fresh and important writing is suitable for students and scholars in sexuality studies gender studies sociology and education **Navigating Fake News, Alternative Facts, and Misinformation in a Post-Truth World** Dalkir, Kimiz, Katz, Rebecca, 2020-02-28 In the current day and age objective facts have less influence on opinions and decisions than personal emotions and beliefs Many individuals rely on their social networks to gather information thanks to social media s ability to share information rapidly and over a much greater geographic range However this creates an overall false balance as people tend to seek out information that is compatible with their existing views and values They deliberately seek out facts and data that specifically support their conclusions and

classify any information that contradicts their beliefs as false news Navigating Fake News Alternative Facts and Misinformation in a Post Truth World is a collection of innovative research on human and automated methods to deter the spread of misinformation online such as legal or policy changes information literacy workshops and algorithms that can detect fake news dissemination patterns in social media While highlighting topics including source credibility share culture and media literacy this book is ideally designed for social media managers technology and software developers IT specialists educators columnists writers editors journalists broadcasters newscasters researchers policymakers and students Bots Nick Monaco, Samuel Woolley, 2022-05-10 Bots automated software applications programmed to perform tasks online have become a feature of our everyday lives from helping us navigate online systems to assisting us with online shopping Yet despite enabling internet users bots are increasingly associated with disinformation and concerning political intervention In this ground breaking book Monaco and Woolley offer the first comprehensive overview of the history of bots tracing their varied applications throughout the past sixty years and bringing to light the astounding influence these computer programs have had on how humans understand reality communicate with each other and wield power Drawing upon the authors decade of experience in the field this book examines the role bots play in politics social life business and artificial intelligence Despite bots being a fundamental part of the web since the early 1990s the authors reveal how the socially oriented ones continue to play an integral role in online communication globally especially as our daily lives become increasingly automated This timely book is essential reading for students and scholars in Media and Communication Studies Sociology Politics and Computer Science as well as general readers with an interest in technology and public affairs **Lou with the Band** Alexandra Leigh Young, 2025-10-07 From the acclaimed author of the delicious Idol Gossip comes a new music themed novel with an irresistible backbeat and a thoughtful read on friendship and identity When Lou enlists her best friend Molly to shave her head it s partly so she doesn t have to deal with washing her hair all the time while on tour and partly because she s ready to be a new person No stranger to reinventing herself restless Lou is a Cuban American girl who s never left Texas let alone the country But the New Lou has deferred her first semester at Texas State to work for a celebrity musician on tour She s bound for China Japan half of Europe and everywhere in between though it means getting intimately acquainted with the band s dirty laundry Even with her road crew uncle on alert it will be the summer of a lifetime full of underground parties disco spas and gelato When Lou falls for a tattooed guitar prodigy who makes her feel achingly alive it doesn t cross her mind to doubt him or as life on the road tightens its hold her course Will Molly know her when she returns if she returns Who is the New Lou really Pulsing with energy and authentic detail this story of self discovery ushers readers backstage on a sensational world tour The Routledge Companion to Mobile Media Gerard Goggin, Larissa Hjorth, 2025-09-02 This second edition of the groundbreaking Routledge Companion to Mobile Media brings together newly commissioned essays and cutting edge research alongside updated essays from the original volume to create a definitive guide to mobile

communication studies The collection which brings together original articles by a global roster of contributors from a variety of disciplines sets out to contextualise the increasingly convergent areas surrounding social geosocial and mobile media discourses Essays provide comprehensive and interdisciplinary models and approaches for analysing mobile media and draw upon a wide range of global case studies from China Africa Southeast Asia the Middle East and Latin America to Europe the UK and the US This new edition also covers the many changes in the field over the last decade from dating apps AI mobile phones travel games and digital transactions through drones blockchain microbilities virtual reality touch and haptic technology to the role of mobile media in health climate change mobiles and electrification digital migrant cultures arts creativity and politics and beyond This second edition remains an essential resource for upper level students researchers and scholars interested in mobile media research

Growing Up Urkel Jaleel White, 2025-11-11 An incisive and insightful celebrity memoir by Jaleel White one of the most beloved icons of nineties pop culture and TV history renowned for his portrayal of Steven Urkel on the hit sitcom Family Matters At the tender age of twelve Jaleel White auditioned for the role of Steve Urkel the socially inept genius who was in love with his next door neighbor Laura Though Steven Urkel was intended to be in only one episode Jaleel's indelible performance as a child actor catapulted Urkel into the pantheon of American pop culture But success can cost as much as it pays After nine years on the popular sitcom Family Matters Jaleel is twenty one a UCLA undergrad and adjusting to a world and industry that sees him as the nasally nerd in high water pants suspenders and coke bottle glasses In this wise and witty memoir Growing Up Urkel takes you on a memorable journey through peaks valleys and plateaus of fame and fortune Join Jaleel as he invites you to relive the unforgettable ride of nineties nostalgia while uncovering the personal growth behind the iconic suspenders and the lasting impact of his journey as one of America's favorite sitcom stars

Research Anthology on Fake News, Political Warfare, and Combatting the Spread of Misinformation Management Association, Information Resources, 2020-10-30 With recent headlines around fake news from world leaders and around presidential elections Twitter and other social media platforms being pressured to detect and label misinformation posted on their platforms as well as misinformation around COVID 19 and its vaccine the world has seen an increase in protests policy changes and even chaos surrounding this information This spread of misinformation when left unchecked can turn fiction into fact and result in a mass misconception of the truth that shapes opinions creates false narratives and impacts multiple facets of society in potentially detrimental ways indicating a need for the latest research on how the devastating impacts of this trend how to discern facts from misinformation as well as more information on technological advancements in fake news detection The Research Anthology on Fake News Political Warfare and Combatting the Spread of Misinformation is a compilation of the most comprehensive previously published and highly cited research from prestigious institutions including Columbia University and Stanford University USA which focuses on understanding fake news how it spreads its negative effects and current solutions being investigated While highlighting topics such as fake news

trending conspiracy theories media distrust political warfare and detection methods this book is ideally intended for practitioners stakeholders researchers academicians and students interested in the continuing surge of fake news and its at times dangerous results

All Friends Are Necessary Tomas Moniz, 2024-06-11 Winner of the Golden Poppy Martin Cruz Smith Award for Emerging Diverse Voices In this tender and open hearted novel Nina LaCour author of Yerba Buena Tomas Moniz a finalist for the PEN Hemingway and Lambda Literary awards delivers a commanding new story about the power of friendship community and the families we create for ourselves Efren Chino Flores has just moved back to the Bay Area from Seattle jumping from sublet to sublet In Washington he was an adored middle school biology teacher with a loving wife and a child on the way that is until a stunning loss upended his life Now he s working temp jobs terrified of commitment and struggling to put himself back out into the world But there to nurture Chino is a coterie of new and old friends and lovers who form a protective web around him Closest to him are Metal Matt a red haired metalhead with a soft spot for Courtney Love and a rangy dog named Sabbath and Mike and Kay a couple whose literary edge is matched only by the success of their secret OnlyFans account As Chino begins to date more men and women and to open himself up again to love his bonds with those around him grow both rich and profound Like a fern blooming in the wake of a forest fire new life comes after even the most devastating upheaval With gorgeous heartrending detail and a seemingly infinite catalogue of tender unexpected interactions Tomas Moniz has created a striking mosaic of desire and belonging An anthem to both queer and platonic love All Friends Are Necessary evinces the wonder of friendship and the joy of giving yourself up to the essential force of community Vibrant alive and absolutely devastating in its beauty All Friends Are Necessary is like a late night phone call with your best friend exuberant confessional and above all honest Chelsea Bieker author of Godshot and Madwoman **Top 100**

Law and Technology Nanci K. Carr, 2024-09-26 Technology is an important part of our everyday lives Whether we ask Alexa to start the coffee machine or check our phones for the traffic report we increasingly interact with technology As much as we may enjoy and rely upon technology it is not without its challenges including the inability of the law to keep pace with technological developments and the ethical issues that arise For example tort law is impacted by technology the proliferation of drones requires a new look at the law of trespass and video Zoom meetings can impose direct liability on employers for

example Social media supports an increasing share of all advertising and endorsements and is subject to regulation of which influencers are often not aware Global advertising expenditures on various internet and social media platforms also drives the need for a change in right of publicity law In the United States the right of publicity is governed by state rather than federal law so there is no uniform approach One part of the book includes a survey of the law of each US state and proposes a new federal statute Although most of the examples are drawn from the US the issues raised are fully international in scope and relevance This book will appeal to legal practitioners trying to manage new technology issues facing their clients academics teaching students how the law is changing and needs to continue to change as technology develops and teachers and researchers in business and management schools needing to address technology and governance issues
