Digitales Pricing Frank Frohmann, 2018-08-07 Dieses Buch liefert neue Lösungen und Ansatzpunkte für ein professionelles Pricing im Zeitalter der Digitalisierung Der Autor entwickelt eine ganzheitliche und zugleich praxisbewehrte Methode die drei inhaltlich verbundene Ebenen miteinander verknüpft Geschäftsmodell Erlösmodell und Pricingprozess Er zeigt dass digitales Pricing weit über eine Automatisierung von Pricingschritten hinausgeht Das vorliegende Buch bietet einen Überblick über Prozesse und Methoden der Gewinnoptimierung für digitale Angebote sowie für Produkte und Services deren Geschäftsmodell sich durch die Digitalisierung verändern wird Zusätzlich zu den Auswirkungen der Digitalisierung auf das Preismanagement hat der Autor zahlreiche Erkenntnisse der Preispsychologie in die einzelnen Stufen des Pricingprozesses eingebettet Mit dieser ganzheitlichen und innovativen Methode gelingt eine konsistente Preisbildung mit bestmöglicher Orientierung am Kundennutzen und gleichzeitiger Margenabschöpfung für die Unternehmen Große Praxisrelevanz und Beispiele aus bedeutenden Branchen z.B. Medien und Software Maschinenbau und Automobil sowie aus zahlreichen Sektoren machen das Werk zu einem wertvollen Leitfaden für Entscheider und Pricingexperten

The Music Industry Patrik Wikström, 2020-01-09 Since the first edition was published in 2009 Patrik Wikström's *The Music Industry* has become a go to text for students and scholars This thoroughly updated third edition provides an international overview of the music industry and its future prospects in the world of global entertainment The music industry has experienced two turbulent decades of immense change brought about in part by the digital revolution How has the industry been transformed by these economic and technological upheavals and how is it likely to change in the future What is the role of music in this digital age Wikström illuminates the workings of the industry deftly capturing the dynamics at work in the production of musical culture between the transnational media conglomerates the independent music companies and the public New to this third edition are expanded sections on the changing structure of the music industry the impact of digitization on music listening practices and

the evolution of music streaming platforms Engaging and comprehensive The Music Industry is a must read for students and scholars of media and communication studies cultural studies popular music sociology and economics *The British Media Industries* Vincent Campbell,Paul Smith,2023-06-29 The British Media Industries offers an accessible introduction to how the media in Britain operates and the impact that recent political economic and technological developments have had on the nature of media industries today Split into two parts this book starts by exploring approaches to understanding contemporary media industries through political economic and technological terms The second part delves further into issues and practices relating to individual media industries including newspapers magazines film television music video games and social media The book adopts a political economy approach and is designed to engage students in an accessible way with key issues around the ownership and control of different sectors of the British media UK and EU government regulation of the media including content regulation and market economic regulation and the corporate strategies employed by leading media players such as the BBC Netflix Google and Apple This is an essential textbook for undergraduate students approaching British media industries for the first time and will also be relevant to students undertaking introductory courses in Media Management and Media Economics **Smart Pricing** Jagmohan Raju,Z. Zhang,2010-03-11 In Smart Pricing How Google Priceline and Leading Businesses Use Pricing Innovation for Profitability Wharton professors and renowned pricing experts Jagmohan Raju and Z John Zhang draw on examples from high tech to low tech from consumer markets to business markets and from U S to abroad to tell the stories of how innovative pricing strategies can help companies create and capture value as well as customers They teach the pricing principles behind those innovative ideas and practices Smart Pricing introduces many innovative approaches to pricing as well as the research and insights that went into their creation Filled with illustrative examples from the business world readers will learn about restaurants where customers set the price how Google and other high tech firms have used pricing to remake whole industries how executives in China successfully start and fight price wars to conquer new markets Smart Pricing goes well beyond familiar approaches like cost plus buyer based pricing or competition based pricing and puts a wide variety of pricing mechanisms at your disposal This book helps you understand them choose them and use them to win The End of Ownership Aaron Perzanowski,Jason Schultz,2018-03-16 An argument for retaining the notion of personal property in the products we buy in the digital marketplace If you buy a book at the bookstore you own it You can take it home scribble in the margins put in on the shelf lend it to a friend sell it at a garage sale But is the same thing true for the ebooks or other digital goods you buy Retailers and copyright holders argue that you don't own those purchases you merely license them That means your ebook vendor can delete the book from your device without warning or explanation as Amazon deleted Orwell's 1984 from the Kindles of surprised readers several years ago These readers thought they owned their copies of 1984 Until it turned out they didn't In The End of Ownership Aaron Perzanowski and Jason Schultz explore how notions of ownership have shifted in the digital marketplace and make an argument for the

benefits of personal property Of course ebooks cloud storage streaming and other digital goods offer users convenience and flexibility But Perzanowski and Schultz warn consumers should be aware of the tradeoffs involving user constraints permanence and privacy The rights of private property are clear but few people manage to read their end user agreements Perzanowski and Schultz argue that introducing aspects of private property and ownership into the digital marketplace would offer both legal and economic benefits But most important it would affirm our sense of self direction and autonomy If we own our purchases we are free to make whatever lawful use of them we please Technology need not constrain our freedom it can also empower us
